District control changing

(16th of a series on politics in Madison County)

After 70 years in the control of St. Clair County, the Metro-East Sanitary District (formerly East Side Levee and Sanitary District) will be controlled by Madison County officials this year, possibly starting in November, officials said at the board's meeting Friday morning.

Majority control of the five-man board of trustees of the sanitary district is determined by which county has the higher assessed valuation in the district. This year, Madison County has 52.2 per cent of the total.

Since the district was established in 1907, St. Clair County has held sway by having either the largest population or biggest assessed valuation, with Madison County gradually closing the gap.

This year St. Clair County was surpassed by \$21 million in assessment.

It was hoped the Madison County assessed valuation would exceed St. Clair County last year, but a late report by officials of St. Clair County showed a slight edge, enabling them to keep control of the district in that county's hands.

Over the years, there have been allegations of payroll padding, inappropriate purchases and contracts, and other abuses.

Better procedures were followed at the urging of former

Commissioner William M. Ebersold, but there have been new problems in recent months. For at least five years, Madison County has paid the higher amount of tax money to the district, but has been unable to control of the district under the statutes which give the board majority to the county with the higher assessed valuation.

The reason Madison County has paid more taxes to the district than St. Clair County in recent years is that this County collects a higher percentage of taxes due than St. Clair County.

Attempts to amend the law to give three of the five board posts to the county which has contributed the greatest amount of taxes have been unsuccessful due to strong St. Clair County influence among Springfield lawmakers.

The legislature changed the trustees from elected status last year to appointment by the chairmen of the respective county boards, with confirmation by the full boards.

This law requires one Democrat and one Republican trustee from each county, with the fifth trustee being of the majority party in the county with the higher assessed valuation.

Madison County Board Chairman Nelson Hagmann appointed Russell Robinson as

Hit by train, youth still semi-conscious

By MICK STRANGE
Press-Record Staff Writer

Lennie Laster, 15, who was struck and severely injured by a train on March 16, is still listed only in satisfactory condition at Firmin Delorge Hospital, where he is semi-conscious.

The Rev. Dewey Garner, 931-4671, of the Church of God in Madison, grandfather of the injured boy, is making a plea for individuals or groups to help with the "tremendous financial burden of medical bills."

Rev. Garner said that the parent's, Mr. and Mrs. Fred Laster, have insurance that

covers a percentage of the bills. Costs have surpassed \$70,000, leaving the parents with a debt of over \$20,000, a total that is steadily increasing.

"Lennie has shown some improvement the last month and has gained seven pounds. He does open his eyes and is believed to be recognizing people, but does not speak," according to his grandfather.

The youth had his right arm removed and his legs were broken in 11 places. He has undergone several head

Boy, 16, missing

Dennis Hand, 16, of 1938 Fifth St., Madison, has been missing from his home since Wednesday and information on his whereabouts is being sought by his mother, Mrs. Joyce Hand.

He was last seen at home Wednesday morning when his mother left for work.

She is not sure what shirt he was wearing, but he is believed to be wearing blue jeans trousers and blue tennis shoes. He also may be riding a girl's green bicycle.

Mrs. Hand also said she is attempting to identify his friends she knows only as Sherry and Jim, hoping they may aid her in locating him.

"If anyone knows that he is all right, I hope they will please just let me know that," Mrs. Hand said.

Anyone who may have information to aid in locating Hand is being requested to call Mrs. Hand during the day at 452-5394 or to call Granite City police at 877-6111.

\$1.3 million Venice budget

By MICK STRANGE
Press-Record Staff Writer

The Venice City Council adopted a new budget of \$1,306,662 for the 1977-78 fiscal Saturday afternoon.

It is a \$143,956 increase over the 1976-77 appropriation.

A new item in the budget totaling \$20,600 is services for the aged. This covers insurance for the senior citizen van \$1,500, fuel for the van \$4,600, radio for the van \$60, transportation to special events and field trips \$6,000, and other services including meals, \$5,500.

Largest budgeted department

is the police.

The new budget figure is \$303,632, up \$34,950; of that amount, \$260,632 is for salaries.

Other department increases included: streets and alleys \$158,905, up \$9,048; fees, salaries and expenses of city officials \$96,427, up \$11,023, and department of law \$15,220, up \$1,100.

Insurance was increased to \$114,400, up \$48,800; premiums for health and accident group insurance for city employees \$75,000, up \$32,000; and workmen's compensation \$30,000, up \$15,000.

Printing costs remained at

\$3,000; sanitary and health

totalled \$12,540, up \$570; sewers

\$24,000, down \$5,000, as no

replacement is anticipated.

City hall costs were set at

\$55,767, up \$31,875. A new \$10,000

funeral and replacement of the

floor in the fire hall at an

estimated \$15,000 were listed.

Audit of books and records

totalled \$1,200, up \$200. Lighting

of public streets stayed at

\$16,000, and the summer

recreation program was

budgeted at \$7,500, up \$1,000.

In anticipation of federal

funds, the budget for sidewalks

and curbs went to \$45,000, a rise

of \$40,000. The amount of work

done will depend on the amount

of federal money available, it

was noted.

Water costs stayed at \$150;

the fire department \$92,276, up

\$6,066; planning, \$1,500, same;

antidictions \$2,200, up \$500. No

Industrial park at Depot?

Prospects are improving for creation of an industrial park at a 322-acre portion of the Granite City Army installation, formerly the Army Depot.

The site, representing about a third of the Depot property, was declared "in excess" by the federal government, Congressman Melvin Price of this district announced Friday afternoon. He is chairman of the House Armed Services Committee.

Situated at the southern end of the military base, between the Merchants Bridge and D Street, the tract includes two large Warehouses, a smaller storage structure and four covered but open-sided storage areas. There are no office

Ill. Power 2-year pact

Electrical workers of Illinois Power Co. who have been on strike since July 8 returned to their jobs today under a new two-year contract ratified last week by members of four locals of the International Brotherhood of Electrical Workers.

Carl Mathias, area service manager of Illinois Power Co., said today that "Everyone was back on the job this morning and everything is back to normal."

The strike, involving about 2,400 electrical workers in four union locals, began July 8 due to failure to reach agreement on a new contract. The old contract expired July 1.

Management and supervisory employees continued to operate facilities during the strike and the few outages reported by the utility were attributed to heavy demand for operation of air conditioners and not because of labor trouble.

Negotiators for the company and the striking electrical workers reported they had reached a tentative agreement last week, subject to ratification by union members.

Voting on the proposed new contract was held in the Holiday Inn at Vandalia. Electrical workers involved were members of Locals 309 in Collinsville, 1306 in Decatur, 51 in Springfield and 702 in West Frankfort.

The districtwide vote on the new contract was 1,257 to 927. John Kanady, assistant to president of Illinois Power Co., declined to disclose details of the new contract, but said it involved a wage increase in each of the two years, plus fringe benefits. Union representatives at Springfield could not be reached for comment.

School bus costs in Madison rise 38%

A new school busing contract approved by the Madison School Board Thursday evening calls for a 38 per cent increase in the cost of regular school bus service.

A three-year contract was awarded the R. W. Harmon and Sons Company of Kansas City, Mo.

Harmon has been providing the bus service in Madison for the past six years and was the only company to submit a bid. The new contract calls for a 38 per cent increase the first year, 10 per cent the second and 12 per cent the third year.

A school spokesman said that last year's regular bus service cost \$46,000 and in the coming year the bus service may cost about \$66,000.

In personnel action, the board approved the return to the junior high school of Robert Dant, who has been on a one-year leave of absence; hired Miss Jackie McDonald as a teacher's aide at Madison High School; and employed Miss Carol Stern as girls' physical education instructor and coach.

Baseball, golf, auction on Optimists' minds

Films and a talk on the Granite City Optimist-sponsored baseball team that plays in the Mitchell Khoury League were presented at Thursday's club meeting by Gary Weeks, the team manager.

Weeks, who spoke to the group at its weekly luncheon in the YMCA, thanked the Optimists for sponsoring the team and asked the club to consider the possibility of the Optimist team participating in the Granite City Park District programs next season.

The Granite City Optimists will meet at the Arlington Golf Club Thursday instead of at the "Y" for their annual golf tournament.

Tea-time for the golfers is noon.

An evening dinner for members and guest will be served at 6:30.

Optimist Frank Rea is serving as chef and is preparing to serve corn on the cob, potato salad, slaw, one-pound porthouse steaks, plus various appetizers.

Reservations are due by Wednesday and members were reminded to contact Maurice Dailey at 876-4242, John McDonald at 876-1212 or Rea at 876-6414.

Optimists were asked to have their Camelot auction tickets sold and the money turned in by Thursday, Aug. 11. Members not selling all their tickets are to turn in the unsold tickets on that date.

The 1977 Rotary-Optimist Camelot auction is scheduled for Saturday, Oct. 1, at Sunset Hills Country Club. Goal of the annual event is \$10,000, used by the local clubs for community service projects.

Tickets for the dinner and auction are \$12 and are available from Granite City Rotary and Optimist members.

Persons wishing to attend the event are being asked to purchase tickets early, as the number available is limited.

Train District

Granite City, a Democrat, and Leonard Hylla of Madison, a Republican.

St. Clair County Chairman Victor Canty appointed John Erhardt of Washington Park, a Republican; Robert Eastern, an East St. Louis Democrat, and Omar A. Brumitt of Cahokia, a Democrat, securing approval of the board.

Robinson was selected as the newly-formed district's first president and is continuing in that capacity, but the three St. Clair County residents have had the final say due to their numerical edge.

Speculation is that Eastern, whose appointment term expires in November, will be replaced at that time by Hagnauer with a Madison County Democrat.

The board has not fully determined what action should be taken due to the assessment change, but the new development is being studied by the district's attorneys.

Announcement of Madison County exceeding St. Clair County in assessed valuation in the district was announced during Friday morning's regular Metro-East Sanitary District Board of Trustees meeting by Mrs. Helen Christich, board secretary.

She read the official valuations prepared by C. Barney Metz, St. Clair County clerk, which showed the district's assessed valuations at \$488,305,135, of which Madison County had 52.2 per cent or \$254,812,545.

St. Clair County reported an assessed valuations of \$233,492,590 in the sanitary district area, or 47.8 per cent of the total.

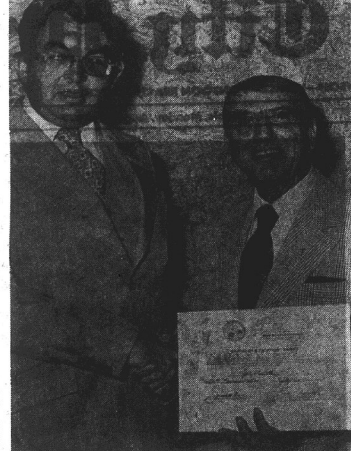

The board then quickly adjourned the meeting until 4:30 p.m. Friday in Granite City, where a full board could be present.

The reason for the adjournment was that Robinson was unable to attend Friday morning's meeting.

Two ordinances prepared by Wendell Wheaton, executive director of the sanitary district, were tabled by the board Friday morning for future consideration.

One ordinance gave administrative job descriptions for everyone employed in the district's administrative office and the other outlined administrative procedures, including purchasing, expense accounts and other matters.

Board Attorney John Sprague said he objects to some of the wording in the ordinance regarding job descriptions. He was authorized to prepare some suggested changes.

FRIEND OF EDUCATION. State Representative Joe Lucco (56th District), right, receives a "friend of education" award from State Superintendent of Education Joseph M. Cronin at a Springfield meeting of the Illinois Association of Regional Superintendents of Schools. The Edwardsville Democrat was honored for the third consecutive year. Lucco was cited by the Illinois Office of Education for efforts for special education, bilingual education, transportation, aid to school districts, work on the school aid formula and support of boys and girls in general throughout the state.

Grand jury study on stolen TV sets

A special Madison County grand jury session was due to convene today to consider criminal cases, including recent thefts from the Bert's Audio-TV showrooms in Granite City and Alton and possibly implications related to two county sheriff's deputies.

The grand jury is believed to be seeking all police records and documents on about \$100,000 worth of equipment taken between June 16 and 21 at the Granite City and Alton stores.

Authorities have subpoenaed persons who may be able to assist them in determining what happened between the times of the thefts and the recovery of the items by Granite City police since then.

Three men have been charged with theft in connection with the case, including a former store manager of Bert's showrooms, Kenneth W. Stover, 20, Alton, who contends he was compelled to allow other men into the stores after hours to steal television sets, citizens' band radios, phonographs and other items.

Stover is believed to have been subpoenaed to appear before the county's grand jury today.

Granite City police are declining to comment directly on the case. Newspaper investigations have uncovered information indicating at least one county deputy and possibly two handled stolen items.

The grand jury is expected to investigate reports that one deputy who has undercover street experience purchased a color console TV set and a combination radio and CB radio unit from an Alton man who said he was a "middle man."

The deputy is said by some to have purchased both items, worth a total of about \$1,300 retail, for \$275 cash but did not know the items were stolen.

Another deputy is said to have handled a stolen TV set, but there is no evidence he purchased or intended to buy the unit.

Conrad "Pete" Baetz, spokesman for Madison County Sheriff John Macrae, said Friday the second deputy was absolutely not involved in such activities and a departmental investigation has failed to uncover any evidence that the first deputy mentioned has intentionally broken any laws.

Baetz, who left the sheriff's department Friday for a leave of absence to accept a special federal investigative assignment, said an "internal investigation is under way by departmental personnel." He declined to say who is conducting the investigation.

Wheelchair lift buses going into regular use

The first wheelchair lift-equipped transit buses to be operated in regular service anywhere in the nation will be introduced by the Bi-State Development Agency on Monday, Aug. 15, Chairman Paul Schuller and retiring Executive Director Robert J. Baer said Friday.

The 60 new buses will be operated on designated trips on the Carondelet, City Limits-Berkeley, Delmar-Forsyth, Forest Park, Grand, Kingshighway, and Natural Bridge lines in Missouri, and the Alta Sita, Belleville-St. Louis and McKinley Bridge routes in Illinois.

"These 10 heavily traveled routes link major residential, employment, recreational, and medical areas," Baer said.

On weekdays, 60 per cent of the trips on these lines will be operated with lift buses, with the percentages rising on Saturdays and Sundays to 80 and 94, respectively.

Trips on the 10 lines featuring lift buses will be designated by stars on new red and white timetables now available from Bi-State.

The revised timetables and a brochure describing the person should follow in order to board or alight from one of the new buses may be obtained from Bi-State by calling 771-2200, a special number established for this program.

"The initiation of wheelchair lift service by Bi-State is significant to the St. Louis area and to handicapped persons throughout the nation who will be watching the progress of our efforts," Baer commented.

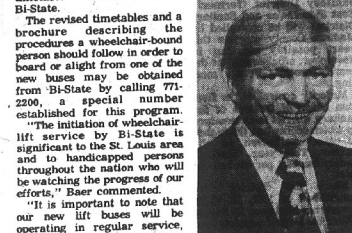

"It is important to note that our new lift buses will be operating in regular service, not on a reservation system, although we do plan to introduce a 'demand-response' service using minibuses dispatched on-call in the future."

The 60 new buses are part of an order of 171 newly received by Bi-State.

They feature wider front doors, a stairwell which can be converted by the operator into a wheelchair lift, and two wheelchair securement areas.

Bi-State is purchasing 97 more lift buses, whose arrival late this year will permit the expansion of the service to a total of 17 lines.

All of the new buses also feature a "kneeling" device which permits the operator to lower the front end of the vehicle to make boarding easier for ambulatory handicapped or elderly persons, or small children.

Presiding at his first meeting as president of the Pontoon Lions Club, Leo Rich McIntosh made recommendations for the 1977-78 committees which were approved by the board of directors. It was announced by Robert Carroll, club secretary. Heading the eight committees will be past president Donald D. Patrick, as chairman, with Carroll and Mike Briggs as members.

Tail Twister Vince Thorpe was announced as chairman of the membership committee, with Frank Cramer, Donald C. Rea, Jim Williams and Ken Carver assisting. Activity and fund-raising committee chairman will be Vice President Jim Whaley, aided by Jerry McKee, Jerry Henderson, David Schermer and Briggs.

Game committee chairman will be club Treasurer Chester Dean, with Thorpe, Loren Madison and Patrick as committee members. Club Secretary Carroll will serve as chairman of the park committee, with Thorpe and Jeff Chandler as members.

Carroll also announced that Patrick was appointed as the club's public information officer.

In other business at the board meeting, the Pontoon Beach Lions approved purchase of an eye examination and glasses for a disabled Pontoon Beach senior citizen, referred by Youth Services.

The club also pledged a \$15 donation to the Granite City Lions' recent bike-a-thon.

MANDATORY FIREARMS TRAINING PROGRAM

The southwestern Illinois Law Enforcement Commission regional mobile in-service training team will conduct a regional 24-hour mandatory firearms training program for law enforcement officers from Bond, Clinton, Madison, Monroe and St. Clair Counties Aug. 9 through Aug. 11, daily from 8 a.m. to 5 p.m.

Classroom instruction will be given at the St. Clair County Jail, Fifth and F Streets, Belleville, and the firearms range training will be held at the St. Clair County Sheriff's Department's pistol range located near Fremont. Law enforcement administrators interested in scheduling their full-time and/or part-time personnel are being requested to contact J. "Skip" Bennett, training coordinator, at 277-1550.

Tally shows Mrs. Hawkins winning

A court battle to determine who won the April 5 Nameoki Township election continued Friday as Acting Chief Circuit Judge Victor Moselle ruled one by one on 483 contested ballots.

Although no official order was issued on the seating of officials, the rulings on the ballots show that Mrs. Helen Hawkins was elected as a trustee and Jerry Adams, who currently is

Hertz is new sheriff aide

Sgt. Robert J. Hertz, acting head of the Madison County Sheriff's Department detective division, has assumed the duties of public information officer and administrative aide to Sheriff John Maeser, it was announced today. Hertz will serve in both positions.

Hertz, 27, who lives in Alton, has been with the Sheriff's Department five and one-half years.

He replaces Sgt. Conrad "Pete" Baetz who was granted a leave of absence to serve as an investigator for the House Select Committee studying the assassination of Dr. Martin Luther King.

seated as a trustee, was sixth in the eight-way race for the four trustee positions.

Unofficial counts show trustee votes, in order with the top four being elected, as follows: Norman Hessler 1,537, W. Lee Adams 1,510, Andy Bessemer 1,488, Mrs. Hawkins 1,496, Joseph Boyer 1,483, Jerry Adams 1,480, Kenneth Gieson 1,454 and Harlan Pervan 1,373.

Despite Moselle's ruling on the contested ballots, any trustee change is not expected to be made until after a Sept. 1 and 2 hearing in which the court is to hear witnesses, including election judges, and study allegations of irregularities in several precincts, particularly 8 and 11.

Moselle is on vacation this month and no activity in the election contest is anticipated until September.

Unofficial results from Friday's ballot rulings indicate Harold Davis defeated Louis Whitsett for supervisor by eight votes, 1,535 to 1,527, and Assessor Carl Mackos topped challenger Loren Madison by two votes, 1,480 to 1,467. Town Clerk Douglas Teator topped challenger Louis "Cookie" Zebert by a larger margin, it was indicated.

buildings within the site. The Tri-City Regional Port District has been seeking part of the Depot for the past three years and hopes to acquire the tract.

Price's announcement followed favorable action by the Subcommittee on Military Installations and Facilities. The General Services Administration will handle screening and disposition. Federal regulations require that excess property first be offered to other federal departments and agencies, then to state and local governments, and finally to private concerns through a competitive bidding process.

Because it has paved streets, sewers and other utilities, the location is considered ideal as an industrial park. Cooperating with the Port District in requests to the federal government has been the Tri-Cities Area Chamber of Commerce. An appraisal is to be made, and it may be winter before sale could be completed.

Jail term Simon not eager to run for U. S. senator—yet

By ROBERT ESTILL

Press-Record

Washington bureau

There are a lot of people who think Rep. Paul Simon should run against Sen. Charles Percy in 1978.

Simon isn't among them.

The Carbonate Democrat, formerly a state legislator representing the Granite City area, says his current intention is to seek a third term in the House from the voters in the 22 counties in the state's southernmost Congressional district.

He's virtually a cinch to be re-elected in the 24th District. He won his first term in the House by a comfortable 35,000-vote margin over former Harrisburg Mayor Bal Osbel in 1974.

Two years later, he clobbered political neophyte Peter Prineas, piling up a plurality of nearly 80,000 votes and winning two-to-one.

Running against Percy—re-elected to a six-year term in 1972 by a million-vote term in the state's gamble.

"I don't conceive of a situation where I would be a candidate for the Senate," Simon told the Press-Record.

A veteran politico who's been running for public offices since 1954, the former state legislator and lieutenant governor is reluctant to close the door and

he's convinced he could beat Walker in a rematch.

Simon said there are three factors in his decision on a Senate race: money, money and Percy's popularity at the polls.

He said Percy would have an edge in being able to go deep into his own personal fortune to underwrite last-minute campaign needs. Simon's pockets are not well-lined.

Time is a key factor. "My kids now are 12 and 16; you've got to take a year off," Simon said.

"If Martin, now 12, were in college, then I might consider it, but, at this point, to leave the family and spend a year going all over the state doesn't have the glamour and appeal."

Simon considers his longtime friend, Secretary of State Alar, Dixon, the Democrats' best bet for senator or governor but believes Dixon will run for re-election.

He rates State Comptroller Michael Bakalis as the next strongest candidate, followed by Alex Seith, a Chicago attorney who is an announced candidate for the Democratic nomination.

He dismisses old foe Walker for governor if he runs for anything.

If the little-known Seith should carry the Senate banner,

his chances would be slim.

But Simon notes Percy was given little chance of winning when he ran against Paul Douglas, his former teacher, in 1964.

Simon can afford to let his heels cool.

At 48 and in a secure House seat, he can gain seniority, knowledge and exposure between now and the 1984 Senate election.

His opportunity for reconsideration could come even after Percy is able to win big in 1978 and parlay it into a long-sought spot on the national ticket.

Leadership award winners in Madison

Two college-bound young people from Madison High School have been named recipients of "I Dare You" leadership award sponsored by the American Youth Foundation.

The 1977 recipients are Miss Caren Hampton, daughter of Mr. and Mrs. Oscar L. Hampton, 1201 Douglas St., Venice, and John L. Palchiff III, son of Mr. and Mrs. John L. Palchiff Jr., 1545 Third St., Madison.

Their selection was announced this week by the Madison High School faculty. Both award winners will receive the book, "I Dare You," written by William H. Danforth from his personal experiences. Danforth's major purpose in life was to help young people measure up to their highest potential and aspire to attain constructive levels of service and good citizenship.

Madison High faculty members choose a young man and woman from the senior graduating class each year who have demonstrated qualities of constructive leadership and excellence in character.

Candidates for the award also must display a potential for effective leadership in the future.

This year, each of the "I Dare You" award recipients has the opportunity to apply for a full scholarship to one of several summer leadership conferences.

Miss Hampton will attend Southern Illinois University at Edwardsville this fall. She is planning to major in business.

Palchiff will be a freshman at Eastern Illinois University at Charleston in September, majoring in pre-medicine.

14th annual barbecue at Polish Hall

The St. Stanislaus Lodge of Madison will hold its 14th annual public barbecue at the Polish Hall, 826 Greenwood St., Madison, on Saturday, Aug. 6.

Pork steaks, chicken and hamburgers will be served, beginning at noon, and sandwiches and carryouts will be made available.

Entertainment will be provided by two bands, Ken's Polka Band from 3:30 to 7:30 p.m. and Clearance Kozuszek's "K-Notes" from 8 p.m. to midnight.

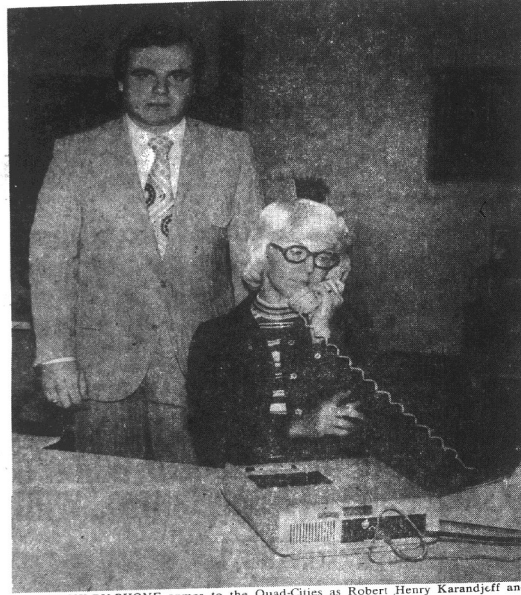

The Polish Hall Dancers will perform at 7:30 p.m.

BANK-BY-PHONE comes to the Quad-Cities as Robert Henry Karandjiff and Norma McCormick demonstrate the American Heritage Bank's "Ansafone."

Around-the-clock banking is offered at American Heritage

The American Heritage Bank of Granite City, Fehling Road at Nameoki Road, has added a new dimension in banking service for its customers. Called "Bank-By-Phone," the new service is designed to serve customers during the hours that the bank is closed.

The system, called Ansafone, is controlled by a tape machine that holds conversations with the callers. The Ansafone actually asks several questions during the course of a conversation, and somehow it knows not to ask the next question until the caller finishes answering the last one, it was explained.

When the bank closes in the evening, a yellow "automatic answer" button is pushed on the

Ansafone. Then, the machine is at work. It can record conversations at night, for entering on the next customers' day. By calling the Bank-By-Phone, customers can handle more than 40 different transactions without ever setting foot in the bank.

Robert Henry Karandjiff, business development officer for the bank, told the Press-Record most of the banking transactions will probably involve transferring money between savings and checking accounts; making loan applications; and requests for a bank officer to call back.

Those who enroll in American Heritage's Bank-By-Phone program agree that the bank may record all future telephone transfer conversations. Customers who call Bank-By-Phone after normal banking hours are greeted by a pleasant voice which tells them, "Even though there is no one in the bank at this time, you may record your desired transaction

after each question and answer time."

The Ansafone then asks for a name and address; personal Bank-By-Phone identification number; and information on the requested transaction.

Karandjiff said the device is programmed so that "as long as you're talking, it will not ask you the next question."

"Some will be surprised to learn they are talking to a machine and not a real person. He added, "Most people like for both the bank and the customer. The Ansafone asks the questions and the customers just have to answer."

Information and authorization forms for this new no-cost service can be obtained by coming into the bank, he concluded.

Head-on crash

Two persons were injured when the auto of Carl Robinson, 29 Collinsville, and the truck of Hollie Shephard, 61, O'Fallon, collided head-on on Route 111 at Sand Prairie Lane last week.

State police were told southbound auto stopped on Route 111 to make a left turn and Shephard's truck approached from the north, skidded to the left to avoid the stopped car and collided head-on with the northbound auto of Robinson.

Shephard was ticketed for improper lane usage and was taken by ambulance to Belleville Memorial Hospital.

Robinson was brought by Granite City ambulance to St. Elizabeth Hospital, where she had a head injury, deep cuts to his forehead and left knee, and other injuries. He was transferred to Firmin Desloge Hospital, St. Louis.

Says Korea image distorted in U. S. media and politics

A former Granite Cityan who now lives in South Korea, sees as an advisor to various aspects of Seoul's government overseas publicity program is convinced that his adopted country is not fairly represented in the American press.

"South Korea is not South Vietnam, and there is little or no basis for comparison," contends James Wade, son of Mr. and Mrs. E. J. Wade of 2519 Madison Ave. He ended a three-week vacation at home during the weekend.

"South Korea is an economically sound and politically stable state that values its independence and aspires to much the same values and goals Americans espouse."

"But to expect an American-style democracy there less than 30 years after liberation from the Japanese, with the Korean War intervening and a continuing threat from the north, is unrealistic."

"Yet many journalists and self-appointed experts assume incorrectly that South Korea is as weak and vulnerable as South Vietnam proved to be."

"The Koreans are fond of this analogy: What would the civil rights and freedom of expression situation be like in America if the country were divided at the Rocky Mountains, with the Western zone aggressively hostile and supported by powerful enemies in Mexico and Canada? This is what Korea faces in confronting North Korea, Russia, and China."

Wade cites South Korea's average economic growth rate exceeding 15 per cent per annum over the past decade, its strong military power, and the people's unified posture against Communism as plus factors South Vietnam never enjoyed.

"Of course, there are imperfections and abuses," he admits, "but these are susceptible to gradual rectification. The important thing is that we have in Korea a strong and dedicated ally in north Asia, surviving and prevailing with minimum support from the United States, which has already sacrificed so much blood and treasure in its defense when the issue of Korea's survival was much more in doubt than now."

Wade feels that the gradual withdrawal of U.S. ground forces will make little difference to Korea's security position so long as American air, naval and logical support is maintained and Congress votes funds committed to the modernization of obsolete military equipment of Korea's army.

"As for the 'Koreagate' bribe scandal, it was a clumsy bungle on both sides at an unfortunate time," he believes.

"The problem is based in part on traditional Oriental practices of gift-giving not considered morally wrong among people with common interests and goals."

"It's a difference in cultures, which both givers and recipients should have realized would look bad if exposed by the American press."

"But the relative smallness of most of the gifts shows that our congressmen were not being bought."

In Wade's view, withdrawal of U.S. ground forces should be delayed a few years beyond the present schedule.

"By 1980 or 1982, the growing economic strength of the South and the corresponding lag in the North — both well-established facts — should make our withdrawal smooth and feasible."

He expressed satisfaction at last week's announcement by Defense Secretary Brown in Seoul that the bulk of U.S.

ground forces will remain in Korea until close to the end of President Carter's timetable for withdrawal.

"Carter was caught with an offhand campaign promise, Wade ventures. 'He was also badly advised by some persons like Prof. Bernard Levin of Harvard, who came to Korea last year angling for headlines that might land him a high State Department post—which he luckily did not get—and

exaggerating the issue of human rights deprivation in Korea to advance his own ambitions."

"He equated the conditions of the average citizen in the South and the slave-state in the North, which is ludicrous and patently dishonest."

The composer, author and publicist, who works for the Korean Overseas Information Service and the Korea National Tourism Corporation, as well as

writing hundreds of free-lance articles published worldwide, cites Iran as a regime practicing more severe repression than South Korea, but still given full American support even though its ruler has yet to prove loyalty to American policies and values equivalent to that shown by South Korea."

Wade is a Southerner who has lived in Seoul since 1960. He resides there with his young sons, Adam, 11, and John, nine,

who visited their homeland for the first time this year.

"The changes I see here are partly encouraging and partly otherwise," he remarked, citing what he regards as a decline of family and community ties and standards as a negative factor. "I have not ceased thinking of myself as an American, but it becomes increasingly difficult for me to function and fit in here each time I visit. So, I will probably remain in Korea as

long as there is a place for me," Wade reflected.

"Even though my family lives within range of Communist artillery and tactical missiles in Seoul, the city is safe, stable and hospitable for foreigners and citizens alike — something that unfortunately cannot be claimed here in America."

Wade and his sons left for Korea via San Francisco Friday after spending time in Los Angeles, Chicago and St. Louis.

Oath workers top production quota

By VALERIE EVENDEN
Press-Record Staff Writer

A group of enthusiastic workers celebrated achieving a production goal at a party Friday morning.

No production workers in any plant could have been happier than employees at the OATH, Inc., workshop, who exceeded a goal they have been trying to attain since January by producing 7,200 bags of aluminum pellets in a single six-hour work day, Milton Morris said. The goal was 7,000 bags.

OATH is the acronym for Organization to Aid the Handicapped, and the workshop is located at 615 State Street, Madison.

The party fulfilled a promise made several months ago by Morris, a Venice businessman active in the Oath center.

The plastic bags containing pellets are destined for Granite City Steel, where the pellets are used in the making of steel. The pellets are shipped to the

Oath employees make the plastic bags, fill them with pellets and weigh and seal the bags. The bags are then packaged in cardboard containers for shipment to the mill.

The first shipment of pellets to Granite City Steel was in January 1977, when the workers assembled between 500 and 600 bags per day.

Production increased slowly to 1,600 per day and eventually to 2,400, but then dropped back to 1,800 bags, Morris said.

Oath employs 23 clients (workers), and about 15 are on the job on a given day, Morris said.

Last week, when the production goal was surpassed, there were fewer people on the job than is usual, due to a day camp held at Wilson Park.

Dennis LaMocca is director of the Oath workshop and Wayne Johnson is shop supervisor.

Hot dogs, cake and soft drinks were served at the party Friday.

Mrs. 'Babe' Ritter dies

Funeral services were conducted Wednesday, July 27, at the First United Methodist Church in Gallup, N.M., for Mrs. Chelissa "Babe" (Culp) Ritter, 58, of 1107 Susan St., Gallup, formerly of Granite City.

Mrs. Ritter died at 10:30 p.m. July 24 at McKinley General Hospital, Gallup. She had been ill for one year.

She attended Granite City schools and was a graduate of the Missouri Baptist Hospital School of Nursing, St. Louis. Mrs. Ritter served in World War II as a first lieutenant in the U.S. Army 70th Nurses Corps in North Africa.

She continued her nursing career mainly in the field of surgery and, prior to her illness, was operating room supervisor at McKinley General Hospital.

Survivors include her husband, Dr. N. R. Ritter; one daughter, Mrs. Jimmie (Denner) Cantrell of Gallup; two sons, the Rev. Norton C. Ritter of Emporia, Kan., and Michael B. Ritter of Tucuman, N.M.; one sister, Mrs. Faye Poole of Granite City, and four grandchildren.

The family is suggesting that memorial donations be made to the American Cancer Society. They may be mailed to Dr. Ritter at his home in Gallup.

Seminar for those retired from Navy

Commander Fred Gesebrink, recruiting officer, Navy Recruiting District, St. Louis, has announced Aug. 20 as the date for this year's Retired Sea Services Seminar.

Keynote speaker will be Robert Nolan, the national executive secretary of the Fleet Reserve Association.

Captain Richard Stratton, a former Vietnam prisoner of war and currently commander of Navy Recruiting Area Five, also will be featured on the program.

The seminar is designed to furnish retired Navy people with up-to-date information on benefits available to them and changes in Social Security and Veterans Administration policies.

Scheduled to begin at 9 a.m., the seminar will be held at Kiel Auditorium, with an expected attendance of 600.

Arrest on warrants

Danny R. Selph, 21, of 945 Niedringhaus Ave., Apt. 5, was arrested near his home at noon Wednesday on three warrants.

Police, who went to his second floor apartment, said they believe Selph jumped from the second floor window when they knocked at his door. A uniformed officer in the back yard arrested him without incident.

The warrants allege failure to appear at a hearing on a petition to revoke his probation, contempt for failure to pay a \$65 fine on a disorderly conduct charge, and failure to appear in court on a charge of aggravated assault.

The assault charge stems from an April 10 incident in which police broke up a large disturbance at 18th and State Streets, and alleged seeing a knife in Selph's possession.

If you have aptitude for math, mechanics and electricity, you may have the stuff to qualify. The Navy will train you in electricity, radar, and computing devices. For more information, contact:

Several new state tourney sites; girls' basketball growth predicted

Champions in the 11 boys' and 12 girls' athletic state tournament series conducted by the Illinois High School Association will be crowned at several new sites this coming school year, IHSA Executive Secretary Harry Fitzhugh said Friday that all three of the Association's state final basketball tournaments (boys Class A, boys Class AA and girls) will be played in the spacious Assembly Hall at Champaign.

Springfield will become the host community for the two-class boys state final tournament and the first-ever boys Class A state basketball tournament.

Northern Illinois University, DeKalb, will host the boys state final soccer tournament again, and the second girls state final archery tournament will be conducted at Eastern Illinois University, Charleston.

The first two-class girls volleyball series will be implemented this fall and Horton Fieldhouse on the campus of Illinois State University, Normal, will be the site for the combined state final tournament, which will be conducted over a three-day (Thursday-Saturday) period.

"We anticipate more young people than ever before will participate on their school teams in the association's 23 sport athletic program," Fitzhugh said.

"This year, seven of our 11 boys sports tournament series will be conducted under our school classification system. Schools will compete in five classes in football and in the traditional two classes in golf, cross country, wrestling, basketball, track-and-field and baseball."

"The volleyball series is our first to be conducted in the two-class format in girls sports, and we can foresee the prospects of implementation of class competition in other sports for girls in the near future."

The traditional IHSA formula for classification of schools by

enrollments provides for Class A and Class AA categories. Schools with enrollments of 750 or less compete in Class A state tournament series. Schools with enrollments of 751 or more vie in Class AA state tournament series.

Four of the IHSA state final tournaments will be conducted in the 16,000-seat Assembly Hall. The 41st annual boys wrestling tournament — won in the past by Granite City — will be held the weekend of Feb. 24-25.

In the mad, mad month of March, the seventh Class A boys basketball tournament (won by Venice in 1975 and Madison in 1977) will be the weekend of March 10-11 and the seventh Class AA boys basketball tournament will be the weekend of March 17-18.

The second annual girls state basketball tournament will follow two weeks later on the weekend of March 31-April 1. This school year's series in boys basketball will be the 71st year of the statewide competition. Champaign-Urbana and the University of Illinois campus became the permanent home of each year's concluding basketball tournament in 1919.

The tournament of boys began in 1908, with Granite City winning in 1940. The girls tournament series was implemented for the first time last winter and was conducted at Horton Fieldhouse in Normal.

"We are pleased to be able to showcase both our boys and girls state final basketball tournaments in the Assembly Hall," Fitzhugh said.

"Attendance at our first girls state tournament was approximately 20,000. If the trend of the response to girls basketball in our neighboring states—Indiana, Iowa, Minnesota, Tennessee and Wisconsin—is any indication, the growth of girls basketball in Illinois will be dynamic and staggering."

"The Assembly Hall ranks as one of the finest facilities in the country. It can accommodate extremely well the many, many fans who desire to see our state's basketball champions crowned in person."

The 18-hole courses at Lincoln and Oakcrest Country Club near Springfield will be the two-class boys state final

golf tournament the weekend of Oct. 21-22.

The courses at Lincoln Greens, located adjacent to Lake Springfield, in the southeast section of the Capitol City, and Oakcrest Country Club, situated a few miles outside and to the east of the city, will be played on alternating days by the competitors in each class.

In recent years, the tournament was played on the Orange and Blue Courses at the University of Illinois' Savoy layout.

Lamphier Park in Springfield will be the site for the initial Class A boys state final baseball tournament, scheduled for June 6-7, 1978. Griffin High School will serve as the host school.

Meinen Field in Peoria will be the site for the Class AA boys state final baseball tournament and Manual High School again will serve as the host school. The Class AA final is scheduled for June 8-9, 1978, as is the third annual girls state softball tournament, which again will be conducted at Mineral Springs Park in Pekin and will be hosted by Pekin High School.

The single-class boys baseball final tournament was conducted in Peoria for the 38 years of its existence. Granite City is among the past state champs.

"Lamphier Park was used in 1974 when rain forced us to play a pair of quarterfinal games there and at Carpentersville (Dundee) during the week before the regular date of the state final. The playing surface was a very good one," Fitzhugh said.

"Just this past year, a major renovation project at Lamphier Park has produced a completely new covered and enclosed grandstand. This provides dressing rooms for teams and umpires, restrooms for the fans and concession facilities to handle large crowds."

"The vast majority of our Class A schools are located throughout the state in such a manner that Springfield is an excellent playing surface and

the facility very adequately accommodates the baseball tournament. The association has maintained a great working relationship with personnel from throughout Peoria as we conduct the baseball tournament, and we are looking forward to continued success of the Class AA state final tournament there."

The artificial surface of Huskie Stadium at Northern Illinois University in DeKalb will be utilized for the second time on the weekend of Nov. 11-12 for the sixth annual boys state final soccer tournament. The tournament was conducted in DeKalb in 1974. GCHS South holds top state soccer honors.

The 2nd annual girls' state final archery tournament, scheduled for the weekend of Oct. 14-15, will be conducted on the Eastern Illinois University range, which is situated southeast of O'Brien Stadium. That stadium again is scheduled to be the site for both the sixth annual girls state final track and field meet and the 34th boys state final track and field meet.

The girls state final track competition will be conducted the weekend of May 19-20, 1978. The boys meet will be the following weekend, May 26-27. Champions in both the Class A and Class AA competition of the girls volleyball series will be crowned concurrently the weekend of Dec. 15-17 (Thursday-Saturday) at ISU's Horton Fieldhouse in Normal.

The 14th annual state final tournament will get under way with quarter-final round competition in both classes Dec. 15. The Class A title match is scheduled for 8:30 p.m. Friday and the Class AA championship will be decided at 8:30 p.m. Saturday.

The 14th annual football playoff championship games will be played at the same stadium, adjacent to Horton Fieldhouse, at ISU the weekend of Nov. 25-26.

All five class title games will be played on the artificial surface there, with the following kickoff times scheduled: Friday, Nov. 25 - Class 1A at 12:10 p.m.; Class 2A at approximately 2:30 p.m.; Class 3A at 7:40 p.m.

Saturday, Nov. 26 - Class 4A at 1:10 p.m.; Class 5A at 7:10 p.m.

Arlington Heights (Arlington) again will serve as host school for both the girls and boys state final tennis tournaments.

The 6th annual girls state tennis tournament will be staged the weekend of Oct. 27-29 and the 43rd annual boys state tennis tournament will be staged the weekend of May 25-27. Each tournament is a Thursday-Saturday affair.

Northfield (New Trier West) is slated to be the host school for the second annual girls state badminton tournament the weekend of May 12-13, 1978 and is tentatively set to host the third annual girls state swimming meet.

Evans (Vpp) is tentatively set to host the 47th annual boys state swimming meet.

No change of site for either of the state final swimming meets is anticipated, but this cannot be guaranteed until balloting in a special referendum of IHSA member schools, now in progress, is completed and the ballots are counted August 17. Should the membership vote

to switch the girls swimming season from the fall to the winter and the boys swimming season from the winter to the spring, the girls meet will be conducted the weekend of Feb. 24-25, 1978 and the boys meet will be conducted the weekend of May 19-20, 1978. If such a change in the sports season creates a conflict with the state final host school involved, the meet would have to be relocated.

The 21st annual boys state gymnastics meet again will be conducted at Mt. Prospect (Prospect) the weekend of Feb. 17-18, while Park Ridge (Maine East) will again host the second annual girls state gymnastics meet the weekend of May 12-13, 1978.

Peoria High School will host the 32nd annual boys state final cross country meet at Detweiler Park in northwest Peoria Saturday, Nov. 12.

Runners from both Class A and Class AA schools will compete that day, with the small school race slated for 10 a.m. and the large school race scheduled for 11:30 a.m.

The sixth annual girls state final bowling tournament will be hosted for the sixth straight time by Peoria (Richwoods) and will be conducted the weekend of Feb. 10-11 in Town and Country Bowl.

The third annual girls state final golf tournament will be played on the 18-hole course at Illinois State University, Normal, the weekend of Oct. 14-15.

The only sport in which the state final tournament has not been established in girls field hockey. The third annual state final tournament is scheduled for the weekend of Nov. 11-12.

Scuba diving instruction

The Tri-City Area YMCA will offer a nationally-YMCA certified course in scuba diving. In order to qualify, one has to demonstrate comfort in the water and have basic swimming ability.

The instructor will be Phil Deming from 5 to 9 p.m. on eight Sundays, starting Aug. 7. Enrollees are adults as well as youngsters 12-15 years old. The latter may obtain junior diver certificates.

Certifications are the "Y", PADI, AHA and nationally-famous NAUI upon successful completion of the course. Cost is \$50 to members and \$65 to non-members. Textbook and all equipment are furnished.

"In order to conduct the class, a minimum amount of people is necessary, so call the YMCA at 676-7200 and pre-register or come in and put down a \$10 deposit," Don Rains of the "Y" staff commented.

Pitchers, batters sharp, Legion advances to division playoffs

Tri-City Post 113's Legionnaires take on Harrisburg at 1 p.m. Thursday in opening-round competition of the American Legion Fifth Division tournament at Highland. Post 113 is that tourney's defending champion, and the newly-crowned District 22 playoff titlist.

Conrad "Babe" Champion's nine upstart Fairview Heights twice, 15-2 Friday and 2-1 Saturday to repeat as district champion.

Fairview, South Division titlist, encountered overwhelming pressure in facing Pitchers Paul Evans and John Lakin, who combined their talents to fan 33 batters and yield between them only eight hits.

Post 113 now has a 28-7 record

in 1977, including 19-3 in Legion action.

At Cahokia Friday evening, Evans fanned 20 batters, walked two and hit two enroute to hurling a one-hitter in nine innings.

Evans, still undefeated in Legion play with a 6-0 record, saw his attempt at a no-hitter disappear when Fairview garnered a hit in the eighth frame.

Fairview had scored a run in the fourth on two infield errors, and got its final tally in the eighth when Evans balked.

Evans' performance gave Tri-City hitters more than two hours of virtual inactivity. But at the plate, the local Legionnaires were anything but asleep, bombarding Fairview with 13 hits and 12 runs.

Paced by Mike Clark, who got two hits, drove in five runs and scored two himself, Tri-City batters boomed awesomely.

Tom Henrich opened the game with a single and was retired on a fielders' choice which enabled Randy Smith to reach base.

Keith Champion doubled and Clark doubled in two runs.

In the third, Henrich again singled, followed by singles by Smith and Champion before Clark blasted a homer over the 300-foot distance part of the fence.

Tri-City went ahead 7-0 in the top of the fourth when Joe Parente singled, Henrich and Smith both walked and a muffed pickoff attempt allowed Parente to score.

Three more runs crossed the

plate in the sixth, Smith doubled, Evans singled, Clark walked, Larry Heagy reached on an error and Lakin singled in two.

Parents reached base on an error in Tri-City's seventh and Henrich walked. Smith's groundout advanced the runners and Champion hit a grounder for a tally.

Evans' groundout to second base in the last frame provided Tri-City's final tally after Henrich walked, Smith hit safely and Champion walked.

Taking to the mound again, Evans retired the first batter after taking a tap back to the plate, and then struck out the remaining two batters to end the game.

Lakin's Saturday game up ended Tri-City's run, including two in the fifth which provided the eventual losers' only tally.

Repeating his counterpart's effective ninth-inning performance, Lakin fanned two batters and then retired a man on a grounder to shortstop.

Tri-City batters collected five hits in the game.

Post 113 scored a run in the first when Smith and Evans singled and Smith walked. In the fourth, Eldon Warfield provided a run-scoring groundball following hits by Heagy and Lakin.

Doug Rains, with a 2-8 earned run average, will open the divisional tourney against Harrisburg on Thursday with hopes of topping a team that has a 3-12 record.

The second game of the double-elimination meet pits Carbondale, 24-4 record, against Carlyle, 4-3, at 4 p.m. Thursday.

The Tri-City-Harrisburg victor will face host Highland at 8 p.m. Thursday, with the winner then meeting the Carbondale-Carlyle game victor in a 4 p.m. contest Friday.

Teams suffering first-round losses will play at 4 p.m. Friday, and at 4 and 8 p.m. on Saturday.

A championship game is slated for 1 p.m. Sunday, with the winner earning a berth in the Illinois State Legion tournament at Galesburg Aug. 11-14.

Seven men's church softball teams will compete Friday and Saturday at West Granite Park for top honors in an inaugural Illinois Amateur Softball Association state tournament sponsored by the Granite City Park District.

Vying for a berth in regional play Aug. 27-28 at Louisville, Ky., will be Community Heights Assembly of God, St. John United Church of Christ, Tri-City Park Tabernacle Teams One and Two, Second Baptist, City Temple and Calvary Baptist, all of Granite City.

Harold Brown, director of parks and recreation, notes that plans were finalized in April for a state tourney to be held so that Illinois would be represented in regional play.

Invitations were sent to church teams throughout the state, and the first round of city squads were the only entries received before the July 1 deadline.

Brown is not concerned with the small initial response, since he is confident the tournament will increase in size with each passing year.

"The men's Class A state

meet started with only 13 teams," he recalls, "and now there are 34."

The double-elimination tourney opens Friday with St. John playing Tri-City Team Two at 6 p.m., followed by Second Baptist playing City Temple at 7 p.m. and Calvary meeting Tri-City Team One at 8 p.m.

Community Heights will play the St. John-Tri-City winner at 9 p.m. Friday.

Winner of the Second Baptist-City Temple and Calvary-Tri-City One games will clash at 10 a.m. Saturday, with that contest's victor meeting Friday's 9 p.m. winner in a semifinal contest at 2 p.m. Saturday.

Teams suffering first-round losses will have another opportunity to compete for the right to play in the tourney's championship game set for 8 p.m. Saturday.

Opening-round losers will see action again Saturday at 9 and 11 a.m., and at 1, 3 and 7 p.m. If previously undefeated teams should lose in the title contest, another championship game will be played.

Vans clinch crown

For the Music Room Vans, it's all over but the shouting. Inter-City Baseball League regular season title without playing a game yesterday, winning a 10-0 shutout when the Thomas Mortuary squad failed to field enough players.

The league victors, now with a 23-3 record, will next host Scarboro this weekend in contests which only have significant meaning to Manager Wendell Corey's Mercer squad.

Winning is a must for Mercer (20-6 record) if it hopes to enter league playoffs later this month as the second-place squad, Mitchell Athletic Club, is pressing hard for that position with a 19-7 record.

Both were victorious yesterday, Mercer beating Highland-Ferron 9-8 and 9-3, and Mitchell downing East Alton Brewers 3-0 and 7-2.

One other twinnish scheduled yesterday was canceled due to rain - J&J Liquor at Panama.

Mercer went ahead 4-3 in the first contest, scoring in the opening, second, third and fourth frames. A five-run rally by the Highland team in the sixth inning put the visitors on top 8-4.

The local line closed the gap with two runs in the bottom of the sixth, and then forced an extra inning by scoring the tying run in the seventh frame. Jim Greenwald walked in the seventh, followed by singles by Bob Hughes and Larry Corey.

Winning hurler Kirk Champion, who had given up 12 hits, put the opponents down in the extra frame.

The winning run then crossed the plate on singles by Jack Scarboro and Pat Peterson. Alton's Logan went the distance on the mound in the second game, yielding six hits and limiting Highland to single tallies in the fourth, sixth and seventh innings.

Peterson and Dave Schaake were the knockout punch for Mercer. Peterson batted in four runs and Schaake slugged a three-run triple.

A run scored in the second inning when Bob Scott, Bob Hughes and Dennis Harrington singled.

Peterson homered in the third after Jack Scarboro had walked.

Schaake's three-run triple in the fourth followed a single by Jeff Scarboro and walks to Ken Schaake and Jack Scarboro.

Bob Scott started Mercer's three-run hit, reaching base on an error. Walks to Jeff

Scarboro, Ken Schaake and Jack Scarboro forced Scott, Jim Kovarik walked and Peterson singled in two runs.

Former Madison High School player John Henke hurried a stoney game while blanking the Brewers, allowing the visitors a lone single in the seventh frame.

Mitchell scored its runs in the fourth when Tom Carroll singled, Jim Kovarik walked, Ed Kowalczyk singled in two and Ron Zambaldi almost matched Henke's performance in the second part of the twin bill.

He gave up two hits to the Brewers, but singled in the second inning which gave the Brewers a 2-0 lead.

Losing pitcher Jeff Donahue saw his hopes of blanking Mitchell go up in smoke in the sixth inning when Ron Madson's hit club collected five of its seven hits and scored all of its runs.

Hector Sanabria drove a walk to start it, Dennis Varnado followed with a homer, Carroll walked and Brian Skies homered.

Kovarik walked, Kowalczyk tripled, Breckner singled and Sanabria singled.

Whelans add more national titles to their mat laurels

More than 1,000 matmen took to the mats Saturday at Iowa City, Ia., to compete for top honors in a national tournament which required use of 79 officials representing 22 states.

Emerging as national champions in Roman-Greco style wrestling were brothers Keith and Chris Whelan of Granite City.

Keith also took runnerup honors in the freestyle portion of the meet.

Kris pinned six foes and decided two in claiming the 106-pound crown, but injuries to his rib cage forced the GCHS North standout to withdraw from the freestyle meet.

Keith, who will compete later this month at Bulgaria in the World University Games, won the 114-pound open division with a pin of Marty Lockwood of California in the championship bout.

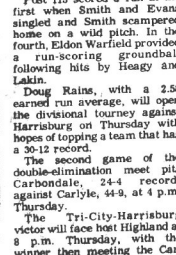

Lockwood was the number two wrestler on last year's United States Olympic team.

In placing second in the freestyle meet, Keith lost his final bout by a 5-3 decision to an Oklahoma matman, but took consolation in the fact he defeated Pennsylvania's Jan Clark in a semifinal match.

Clark, a three-time state champion, had not been beaten in three years.

Shrum takes lead

Kenny Shrum of St. Charles, Mo., vaulted into the late model stock car division point lead Saturday night, winning his fourth feature race of the season on Tri-City Speedway's half-mile dirt track.

Shrum gained 256 points to go with 2,040 he already had earned during the season, edging past Pontoon Beach's Wil Spalding, who placed fifth in the main event and now has 2,275 points.

Paul Gebhart got his second sportsman division main event win of the season Saturday, leading the event from the start.

In preliminary races, Gebhart joined Pat Walsh and Kyle Krohn as heat race victors.

Jerry Sifford, Mike Wallace, Russ Wallace and Shrum won late model preliminary heat races, and Shrum also captured a trophy dash.

Flag football fall program at GC park

The Granite City Park District will again sponsor its flag football program this fall for boys in grades four through six.

Any boy interested in participating in this year's program may get on a team by calling 877-3056 any time after today.

Games will be played in

Wilson Park on Saturdays and on occasional evenings.

Any person interested in coaching or forming a new team is also asked to contact the park office.

An organizational meeting for flag football will be held on Tuesday, Aug. 23, at 7:30 p.m. at the Namoki Recreation Center, Amos and Franklin Avenues.

Kiwanis hole-in-one golf meet Aug. 20-21

The annual Breakfast Kiwanis Club "hole-in-one" tournament is scheduled for 7 p.m. Friday and Saturday, Aug. 20 and 21, at the Arlington Golf Club.

Tickets for the event are \$1 each and a coupon for a McDonald's quarterpounder is included with each ticket.

At the club's Thursday morning meeting at the clubhouse, each member of the club was assigned 100 tickets to sell.

The activity will take place on the eighth hole and cash prizes will be awarded.

Funds raised by the club in this event are used to help local civic projects.

Herbert Camren, president of the club, announced that during the next two meetings each member will be called on to give a two-minute to three-minute biography. "We will have a going for those who are too glib and a list of fast jokes for those who need them," Camren said.

Cynthia Clutts and Robert Jones best of new golfers

Mrs. Cynthia Clutts, 1737 Courtenay Blvd., and Robert Jones, owner-operator of the Baskin-Robbins 51 Flavours Ice Cream store, were the top golfers in the Granite City Park District's playoff golf tournament Friday at the Arlington Golf Club.

The tourney is held each midsummer at the conclusion of the park district's series of lessons for beginning golfers, taught at Wilson Park.

Student golfers attend two two-hour lessons each week for a six-week period and also are eligible to play for two hours each Friday at the Arlington course.

The golf instructor is Patrick Schuman.

Only three women entered the playoff tournament, although about nine started the lessons, it was learned. Nine males competed in the men's and boys' divisions.

Trophies were presented by Schuman to Mrs. Clutts, who shot a 67 in Friday's tourney, and Jones, who tallied a 57 score.

Par for the nine holes is 39.

1,000 honor Vadalabene on his 63rd birthday

By MICK STRANGE
Press-Record Staff Writer

An overflow crowd of nearly 1,000 packed the Meridian Ballroom at Southern Illinois University at Edwardsville Sunday evening to honor State Senator Sam Vadalabene on his 63rd birthday.

Senator Vadalabene was born July 31, 1914, in Detroit, Mich. The nearly 1,000 guests at the "party" included U.S. Congressman Melvin J. Price, (D-3rd District); State Senator Thomas J. Hynes, President of the Illinois Senate; William Redmond, speaker of the Illinois House; Neil F. Hartigan, former Illinois lieutenant governor, and many local, county and state political leaders.

Congressman Price said, "My friendship goes back a long way with Sam, and I am pleased to join this fine crowd which covers every aspect of his life in honoring Sam tonight."

"This crowd is evidence of the fine job (Vadalabene) has done for everyone. You do your job both in Springfield and you do your job here at home. I treasure our friendship and am proud to join everyone in wishing you a very happy birthday."

Speaker of the House Redmond said, "You were one of the hardest workers I have seen when you were in the Illinois House and I say that this is where you got your training for the Senate. The people of this area should be proud to have the most outstanding member of the Illinois General Assembly representing them."

President of the Senate Hynes said, "Sam Vadalabene represents the finest in legislative service. He gives 110 percent to the people of his district. Sam fights for all the people senior citizens, children,

education, roads, industry and labor.

"Sam fights for and works for anyone with a just cause and what he feels is the right thing to do. Happy birthday, Sam," Hartigan said. "We are honoring a unique person here tonight. A person who continues to be above the things that plague many people in public life. He brings the personal touch into our lives. He is interested in human beings, not statistics. Each one of us here owes an immense debt of gratitude to Sam."

Senator Richard Daley of Chicago said, "Sam treats everyone the same, and he really cares. I asked Sam for advice when I first got into politics and I still ask him for advice. He was respected by my father and a friend of my father, (Mayor) Richard Daley of Chicago. Sam Vadalabene sticks by his friends and sometimes that's not always popular."

A telegram was read from Illinois Governor Jim Thompson, in which he told Vadalabene that he was signing Senate Bill 314 that approves \$190,000 for Southern Illinois University at Edwardsville for a physical education building, and Senate Bill 383 giving 60 more acres for the City of Alton Park. Thompson said in his birthday telegram, "I want the people at your birthday party to know what Senator Sam does for them. He is a true leader, and the Rev. Conrad Dittler of St. Mary's Church in Madison giving the benediction."

When called on to speak,

Vadalabene said, "I truly want to thank every one here tonight and those who could not make it for all their kind words. My dear wife Mary and family deserve special recognition. They have done more for me than I can ever say. I want to thank Mel Price. Mel has never missed one of my dinners and Mel, I hope you continue to serve in the U.S. Congress from now on."

Vadalabene made numerous recognitions to various people and near the end of his remarks singled out Dr. George T. Wilkins Sr., former Illinois State Superintendent of Schools. "I must mention a man who is responsible for my being in politics, who took me and my family under his wing many years ago and to whom I owe more than I can ever repay, and that is George T. Wilkins."

"George launched my political career and I call him Uncle George. He not only has been one of my greatest supporters, he has been throughout these many years my greatest friend."

Randall Robertson served as master-of-ceremonies.

Others on the program included: State Representative Roland Tipton who led the National Anthem; William Kinkel, president of the Explorer Post-104 who led the pledge to the flag; Rev. John Owens of Alton who gave the invocation; Postmaster General Lewis Gilbert, honorary chairman of the dinner, and the Rev. Conrad Dittler of St. Mary's Church in Madison giving the benediction.

ALMOST IN THE ALPS? Although the remodeling of the Gateway Loan Corporation building, 1223 Madison Ave., Madison, is not quite finished a person can look at the picturesque Alpine front and without much trouble imagine being in the Alps, local foreign travelers say.

School registration

Registration of prospective high school students new to the Granite City school district will be held at both North and South high schools from 9 a.m. to 3:30 p.m. beginning Monday, Aug. 8, and continuing through Friday, Aug. 12.

A \$6 book rental fee will be collected at the time of registration, it was announced.

Residents who are not sure which high school to attend are being advised to call North High School at 931-0600 or South High School at 877-1512 for boundary information.

Fire at student housing

No student injuries were reported from a fire which broke out in an apartment at Tower Lake II, the single student housing complex of Southern Illinois University at Edwardsville, at 4:31 p.m. Thursday and again at 12:31 a.m. Friday.

Shortly after 4:30 p.m., flames were reported in the corner bedroom of apartment 20 in building 527 of Tower Lake II. Firemen from the Edwardsville fire department were in the building with hoses and had the fire under control.

Two student occupants of the apartment said they were in the kitchen when they heard the smoke detector alarm. When they went into the corner bedroom, they discovered smoke coming from the area of the fusebox near the air conditioner.

SUE police reports said the fusebox was the probable source of the fire.

At 12:31 a.m., fire broke out again and appeared on the roof of the east side of building 527. By 1:30 a.m., the fire was out and the Edwardsville Fire Department was preparing to leave.

Rough estimates place the extent of fire damage between \$35,000 and \$45,000, according to Charles N. Moore, legn director of physical plant for the university. There is extensive damage in one apartment, with possible smoke and water damage to other apartments of the eight-apartment building.

Two male students occupied the fire-damaged apartment. A total of 21 students lived in building 527. The fire was placed in other Tower Lake housing.

The only reported injury from the fire occurred when a Glen Carbon fireman fell from the Glen Carbon fire truck enroute to the campus. He was taken to a hospital by ambulance.

The Tower Lake II complex, with accommodations for approximately 1,000 single students, was dedicated in October 1975. The individual buildings are valued at approximately \$175,000.

Pontoon ok's pay raises

New budgets giving pay increases to most village employees were adopted by the Pontoon Beach Village Board during a special meeting Saturday morning.

The new budgets total \$223,973, up \$24,933 from last year's combined budgets of \$199,040.

The budgets include a four percent across-the-board increase for all village police. Dispatchers received a \$5 per week raise with the exception of one dispatcher who is paid through the Manpower program.

The board also approved increases from \$75 per month to \$100 per month for Building Inspector Glenn Wilson, Health Inspector Eddie Tate and Sanitation Engineer Ronald Hastings.

The new budgets were adopted Saturday on first reading after a motion was approved to suspend the rules requiring second reading at the subsequent meeting.

Trustees contend the budgets need not be posted publicly in case of passage, but opportunities to study the village budgets were offered during

two federal revenue sharing budget hearings, including one held Thursday. Despite a public notice of Thursday night's hearing, no one from the public attended, trustees said.

The new village budgets include \$194,743 for the general fund, up \$23,413 from \$171,330 last year; \$9,000 for the sewer fund, up \$1,850 from \$7,150 last year; and \$19,900 for the revenue sharing fund, down \$60 from \$19,960 last year.

Included in the general fund, with last year's appropriations in parentheses, are: administration \$44,725 (\$36,900), police \$134,113 (\$124,500), and public works for road materials, labor and rental \$15,835 (\$9,200).

Revenue sharing appropriations are: financial administration \$6,850 (\$6,800), health officer \$900 (\$750), and public safety \$12,150 (\$12,410).

The public safety appropriations are for: street lights \$4,200 (\$5,200), building inspection \$900 (\$750), radio maintenance \$1,050 (\$950), and a police car \$6,000 (\$5,500).

The trustees expressed satisfaction with the state's report of an audit of the village's motor fuel tax expenditures during the previous fiscal year. Copies of the audit report were presented to the trustees Thursday night for study.

No comments or suggestions were in the report which gave the village a "clean bill" on the expenditures of MFT funds, trustees reported after reviewing the document.

Trailrider members add points for season

The Trailriders Saddle Club held its fourth "Point Show" of the current season at the club on Chouteau Slough Road, near Rock Road and the Chain of Rocks Canal levee. The club members in the contest were:

Gary Dalton riding Cody's Classy Miss in open western pleasure and showing Sargent Hobby in haltering-judging; Joe Blyue on Ringo in pony barrels and pony poles; Dean Neuser riding Mesa Shade in the plug race and junior barrel race; and Lynn Williams on air passage, pleasure and riding Buddy Lad in Junior bareback pleasure.

Other blue ribbon winners in their respective classes, included:

Sam Warner on Belle Starr, trotting; Shelle Hartzel on Katie Dee, junior western pleasure; Lorraine Leroy on Bambi, senior barrel race; Jeane Weldon on Fort Cody, junior pole bending.

Brian Lamew on Frank-n'-Pine, men's western pleasure; Cathy Fowler on Black Beauty, ladies' gaited country pleasure; Leon Weldon riding Oak, flag race; and Sherman Lamore on Rumpus Peter, senior pole bending.

Infant Camille Davis dies

William Jacobson of Dietrich, Minn., and Mrs. Sylvia Moberg of Granite City and Clarence Davis of Mapleton, Ga., paternal grandparents.

The infant was pronounced dead at home by Randy Irwin, Madison County deputy coroner.

Camille had been ill with a respiratory ailment. She was a patient four days last week at St. Elizabeth Hospital, from where she was released Thursday.

She was born in Granite City. Among the survivors, beside her parents, are the maternal grandparents, Mrs. Carla Jacobson of Granite City and

breakback pleasure.

Other blue ribbon winners in their respective classes, included:

Sam Warner on Belle Starr, trotting; Shelle Hartzel on Katie Dee, junior western pleasure; Lorraine Leroy on Bambi, senior barrel race; Jeane Weldon on Fort Cody, junior pole bending.

Brian Lamew on Frank-n'-Pine, men's western pleasure; Cathy Fowler on Black Beauty, ladies' gaited country pleasure; Leon Weldon riding Oak, flag race; and Sherman Lamore on Rumpus Peter, senior pole bending.

Nothing is known missing after a break-in at Parkview School, 3200 Maplewood Road, which was discovered at 7:30 p.m. Sunday.

A neighbor reported seeing two youths sitting near the rear door. They ran from the scene when they saw her.

Entry was gained by breaking an eight by 10-inch hole in the lower panel of the rear door and reaching through to unlock the door.

Drawers in Room 117 appeared to have been searched. A box of rubber bands and a box of "Take a Mouse to College" buttons were found outside the rear door.

Suspect arson in house fire

Arson is suspected in a fire at 2422 Ohio St. at 12:54 a.m. Saturday.

Firemen renting the house reportedly moved out several days ago.

A neighbor called the fire department and told them of the fire.

The Illinois Department of Transportation.

Thirteen Teamster Locals are striking against Associated General Contractors members. The dispute halted installation of guardrail on the new section of highway with less than two days of work remaining.

Moving of grass, sweeping of the roadway and some striping of lanes still remain to be finished before traffic will be allowed to use the new highway.

Another Hoeffken Brothers project delayed is paving of an extension of Maryville Road.

Negotiations will resume Wednesday, for 3,500 truck drivers in 84 counties.

Nancy L. Ellis becomes Mrs. Leslie A. Atkins

Altar bouquets of white gladioli and white carnations intermingled with greenery provided the setting in the sanctuary of Third Baptist Church for the wedding of Miss Nancy L. Ellis and Leslie A. Atkins on July 15.

Officiating at the double ring ceremony at 8 p.m. was the Rev. Roy Johnson. A program of selected wedding music was played by MarJean Ellsworth at the organ.

The bride is a daughter of Mrs. Pauline Glasgow, 1831 State St. Parents of the groom are Mr. and Mrs. James Atkins, 2612 Center St.

A formal length white nylon organza gown designed with a detachable train enhanced with Venice lace motifs was worn by the bride.

Venise lace appliques were repeated on the slim sleeves, fitted bodice and high neckline and was scattered at random on the full skirt.

She wore a Venice lace Juliet cap to hold in place her shoulder length veil, edged with a lace trim. Her bouquet was a nosegay style composed of white carnations and mint green pom poms, and festooned with satin streamers.

Matron of honor Mrs. Carolyn Carpenter, a sister of the bride, chose a mint green organza gown designed with an oval neckline and long sleeves, enhanced with a lace trim.

The bridesmaid Miss Linda

Lee, selected a peach color full length dress fashioned with short sleeves and an round neckline. A white lace panel accented the bodice and extended to the hemline of the full skirt.

A nosegay of mint green carnations was held by the honor attendant and the bridesmaid carried a bouquet of pink and white carnations. The groom chose his brother, William Albert Atkins, as best man. Tony Jones was the groomsman and Bradley Harris and Brian D. Ellis, the bride's brother, served as ushers and candlelighters.

A reception was held in the church Fellowship Hall, immediately following the ceremony.

Mr. and Mrs. Atkins, parents of the groom, entertained members of the wedding party at a rehearsal dinner held in their home on the evening preceding the wedding.

For her daughter's wedding, Mrs. Glasgow appeared in an apricot knit full length dress created with short sleeves, groom's mother, Mrs. Atkins, was attired in a formal length pink dress featuring short cape sleeves and white orchid corsages.

The newly married Mr. and Mrs. Atkins are residing in Granite City, following a wedding trip to the Missouri Ozarks and Silver Dollar City.

MR. AND MRS. LESLIE ATKINS. They were married in an evening ceremony at the Third Baptist Church. The bride is the former Miss Nancy L. Ellis, a daughter of Mrs. Pauline Glasgow, 1831 State St.

'Practical Politics'

A "Practical Politics" course, which is designed to offer participants a better understanding of the political process, is being sponsored by the Granite City Business and Professional Women's Club.

Mrs. Vernice Walter is the instructor for the six-week series of weekly sessions, ending place on Thursday evenings.

The group meets at the Metro-East Sanitary District office, 1707 Madison Ave.

Oliver Derr, legislation

chairman for the local Business Women's club, supervised arrangements for the course. Mrs. Derr also serves as legislative chairman for District 14, Illinois Federation of Business and Professional Women.

Registering at the initial session were Sharon Beckert, Rosalie Stern, Billie Schuler, Edna Kohlbrecher, Toni Lynch, Lois Wetton, Eva Meier, Reva Turner, Lorene Sadrakula, Granite City BPW president, and Mrs. Derr.

Shower honors Shelley Warhoff

Miss Shelley Warhoff, an August bride-elect, was complimented last week at a pre-wedding party at the Nameki Recreation Center, Amos and Franklin avenues.

Miss Warhoff and her fiancé, Phillip Hill, will be married Aug. 26 at the First United Presbyterian Church in Granite City.

Hostesses at the shower were Judy Richardson, Debbie Talley, Terri Moran and Denise Avedisian.

Pots of asparagus ferns and daisies decorated the guest tables. A yellow umbrella, adorned with daisies, was suspended above the gift table.

The table centerpieces were presented as gifts to those excelling at games. The prize winners were Anna Chilibe, Marty Herman and Christy Lombardi.

Assisting the bride-to-be in opening her presents were the hostesses and Miss Tami Hill. All will serve as bridesmaids in the wedding party.

Among those attending the party were Mrs. Carole Hill and Mrs. Joyce Corey, mothers of the bride; Mrs. Bunia Talley and Mrs. Fern Corey, grandmothers of the bride; and Mrs. Anna Chilibe.

MISS CINDY ANITA CREWS whose engagement to John Johnson is being announced. She is a daughter of Mrs. Lucille McLean, 2804 Sunset Drive, and the late Claud D. Crews. A Dec. 17 wedding is planned.

MR. AND MRS. LOREN BAUGH whose wedding was solemnized at Faith General Baptist Church, 633 Ashland Ave., Mitchell. Formerly Miss Sallie M. Adams, the bride is a daughter of Mrs. Hazel Adams, 2311 Missouri Ave.

Miss Sallie Adams and Loren Baugh are wed

Wedding vows were exchanged by Miss Sallie M. Adams, a daughter of Mrs. Hazel Adams, 2311 Missouri Ave., and Loren "Rusty" Baugh, a son of Mr. and Mrs. William Baugh, 632 Ashland Ave., Mitchell, on July 23 at the Faith General Baptist Church, 633 Ashland Ave.

A double ring ceremony was performed at 7:30 in the evening by the Rev. James A. McNeely. Attending the couple were Miss Barbara Brandt, maid of honor and Andy Baugh, a brother of the groom, who served as best man.

For her wedding the bride selected an Empire style gown created with a lace bodice and long sleeves of bridal satin.

She wore a floral lace headpiece to hold in place a melody length veil and she carried a white Bible topped with a single white rose.

The honor attendant chose a pastel peach dress with white lace on the Empire bodice and sleeves. She also carried a single white rose.

A graduate of Granite City High School South the former Miss Adams is employed as a legal secretary at the Lueders, Robertson and Konzen law firm.

The groom is a North High School graduate and currently is employed at the A. O. Smith Corp. as a welder.

They are residing in Granite City.

Rosemary Baseden to retire, plan farewell

A farewell buffet for Rosemary Baseden of Granite City, who is retiring from her position as supply specialist with the federal government, is planned at 6 p.m. Saturday, Aug. 6, at the Madison Memorial Center, 1601 Seventh St., Madison.

Ruth Milhouser, chairman of the Granite City Business and Professional Women's Club, said the group is hosting the affair to honor Mrs. Baseden, who served as president of the BPW club in 1975-76.

Club members, former members, co-workers and friends are invited to attend the buffet supper and may call Mrs. Milhouser, at 877-4151, or Mrs. Ruth Walk, at 797-0109, for reservations or further details.

Reservations must be made by Wednesday. A \$3.50 fee will be charged for the dinner, which also will cover a contribution toward a gift for the honored guest, Mrs. Milhouser said.

A native of Granite City, Mrs. Baseden is planning to move to Phoenix, Ariz., upon her retirement.

She has been employed in the Federal Service for 28 years, serving five years at the Granite City Army Installation and working 23 years at the U.S. Army Aviation Materiel Command Headquarters (AVSCOM) in St. Louis.

For the past eight years, Mrs. Baseden has worked as Senior Supply Specialist in the International Logistics Division at AVSCOM.

In her job, her responsibilities involve direct contact with personnel representing foreign governments.

Mrs. Baseden analyzes and prepares contracts to fill the

requirements of foreign countries for U.S. Army aircraft and related equipment.

She also arranges training schedules for pilots and maintenance personnel who will be responsible for the aircraft once the planes are delivered overseas.

An active member of the Granite City Business and Professional Women's Club, in addition to serving as president, Mrs. Baseden also held the posts of president-elect, first and second vice-president, program planning chairman, club newsletter editor and membership chairman, and has been delegate to international, national and state conferences.

She also holds membership in the Women's Division of the Tri-Cities Area Chamber of Commerce; Women in Federal Service; and Downtown St. Louis, Inc.

Mrs. Baseden is the wife of the late Howard H. Baseden.

Her daughter, Mrs. Frances Howell, lives in Glendale, Ariz. She also has a granddaughter, Jody Howell, of Glendale.

Convention topic of Navy Mothers

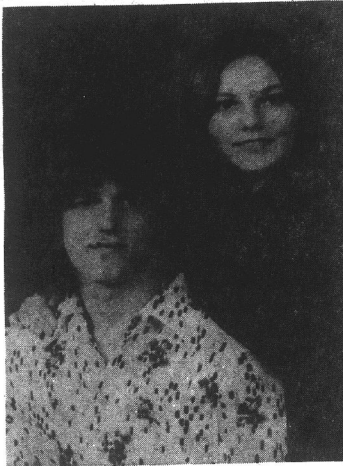

The Quad-City Navy Mothers 850 met Thursday night at the VFW Hall for a social meeting and to discuss tentative plans for the state convention to be held in August.

Commander, Ernest Von-nida presided at the session and also introduced two guests, Pauline Nagel of Las Vegas, Nev. and Yvonne Passig.

Hostesses for the evening were Elizabeth Ramsey, Irma Manning and Stella Miller. They directed games after the meeting and prizes were won by Mattie Hefflin, Irma Manning, Betty Telor and Edna Miller.

The mystery package was awarded to Mrs. Ramsey.

The next business meeting is set for Aug. 11 at the VFW Hall.

TO MARRY. Miss Gina Patrice Karushis and Alan Charles Waltemate of Granite City, whose engagement is being announced by her parents, Mr. and Mrs. Thomas Karushis Jr., of Chester, Ill. A May wedding is being planned.

Waltemate-Karushis engagement

The engagement of Miss Gina Patrice Karushis and Alan Charles Waltemate, a son of Mrs. Jacqueline Waltemate, 212 Park Lane, is being announced by the bride-to-be's parents, Mr. and Mrs. Thomas Karushis Jr., 714 Franklin St., Chester, Ill.

Miss Karushis is a 1975 graduate of Chester High School and is presently a senior student at Southern Illinois University at Carbondale, where she is majoring in English and Creative Writing. She is also employed as a student secretary.

Her fiancé was graduated in 1975 from Granite City High School, South, and is a junior student in Electronics Technology at SIUC. He is also a student worker in the Shryock Auditorium at the university.

Plans are being completed by the engaged couple for a May wedding to be solemnized at St. Mary's Catholic Church in Chester.

Seated from left, Mary Lou Richeson, Mary Evelyn Yenchow, Lorraine Butler, Standing, Evelyn Todd, Dolores Sheridan, Hilda Schroeder and Mary Hassler. Not present for the picture were Jo Ervay and Dorothy Brewster.

Eta Chapter installs

Mrs. Mary Evelyn Yenchow was installed as president of Eta Chapter, Phi Tau Omega Sorority, together with other 1977-78 officers, in an impressive candlelight ceremony conducted last week at LaRocca's Restaurant in Florissant.

Following dinner, Hilda Schroeder, outgoing president, presided at the dual ceremony the initiation of a new member, Alma Paschedag, and installation of chapter officers. Kathryn Weddell served as installing marshal for both ceremonies. A gift was presented to Mrs. Schroeder and a gift and flowers to Mrs. Paschedag, on behalf of the chapter.

Two National Officers of the sorority were present — Jan Mohr, Delta Phi Chapter, national scribe, and Carole

Reuter, Gamma Chapter, national scribe-at-arms. Other guests present were Maureen Robben and Joan Llewellyn, Delta Phi Chapter, St. Louis, and Catherine Powers and Martha Ruth Thomas, honorary members of the local chapter.

The new officers for the coming year are, President, Mary Evelyn Yenchow, Vice President, Lorraine Butler, Recording Secretary, Dorothy Brewster, Treasurer, Mary Lou Richeson, Social Secretary, Dolores Sheridan, Associate Scribe, Mary Hassler, Sgt.-at-Arms, Evelyn Todd, Historian, Jo Ervay.

Others attending were Eunice Hatcher, Lois Hodge, Betty Krug, Shirley Morgan, Georgiana Van Buskirk.

Next business meeting will be held Wednesday evening, Aug. 3, at the Elks Club.

Joni Jones is shower honoree

Miss Joni Jones, who will be married on Aug. 19 at the Good Shepherd United Methodist Church to David Fraley, was complimented at a bridal shower given last week at the church.

Hostesses were Mrs. Mary Ruhl and Mrs. Hazel Duffey. They used orange, blue, yellow and light green decorations on the tables to carry out the wedding colors. Games were played during the afternoon event and prizes awarded to the winners.

Miss Jones was assisted in opening her gifts by Miss Shelly Hurt and Mrs. Sherry Monroe.

Guests attending were Mrs. Louise Jones, mother of the honoree and Mrs. Grace Fraley, grandmother of the groom-elect and Wilma, Nancy and Michelle Bezan, Rose Hull, Diane Fraley, Tina Besserman, Lynn North, Jerry Besserman, Angie Hull, Mrs. Heffner and Robin Madeline Pope, Maureen Cox, Teresa Price, Angie Proffitt, Bonnie Maritt, Mildred Stengel, Carol McCoy, Katie Wattus, Melanie McFarland, Mary Wofford, Millie Stonum and Virginia Rainwater.

Out of town guests included Dollie Robins, O'Fallon, Mo., Beth Beckett, Nellie Ottinger, Karen Beckett and Ona Benwell all of St. Louis, Esther and Jean Rowe of St. Peters, Mo., Julie North of Decatur, Ill., Roberta Cruce, Margaret and Mildred Jones of Pekin, Ill., and Ruth Story of Elliott, Ill.

BETROTHED. Lynn Clark and her fiancé Mark Twietmeyer, a son of the Rev. and Mrs. Arvin Twietmeyer of Granite City. Their engagement is being announced by her parents, Mr. and Mrs. Edward Stengel of Hinsdale, Ill. An Aug. 13 wedding is planned.

Lynn Clark is bride-elect

Word has been received from Hinsdale, Ill., that Mr. and Mrs. Edward Stengel have announced the engagement of their daughter, Lynn Clark, to Mark Twietmeyer, son of Pastor and Mrs. Arvin Twietmeyer of Granite City. The Rev. Twietmeyer is pastor of Concordia Lutheran Church. The bride-to-be attended Drake University and presently teaches the second grade at the Darien, Ill., Fairview School. Her fiancé is serving in the ministry of Redeemer Lutheran Church of Hinsdale as a one year vicar, where he is on assignment from Concordia Seminary in Exile in St. Louis, to which he will return for his last year of preparation for a Lutheran pastorate.

The prospective groom attended Concordia Junior College in Ann Arbor, Mich., and Concordia Senior College, Fort Wayne, Ind. He is a 1970 graduate of Granite City High School South.

The wedding has been announced for Aug. 13 at the Redeemer Lutheran Church. The Rev. Donald Balater, will officiate and Redeemer's Pastor, the Rev. Donald Balater, will preach the wedding sermon.

After a canoeing honeymoon the couple will make their home in St. Louis until the groom-elect completes his studies.

Auxiliary elects officers

A newly organized Ladies Auxiliary of the Apostolic Pentecostal Church, 1248 Iowa St., held its first business meeting and elected officers for the ensuing year, last week, at the church.

Those elected to serve for the 1977-78 year include Linda Monson, president; Linda Snider, vice-president; Joyce Richardson, secretary-treasurer.

During the initial meeting of the group plans were discussed to hold a bake sale from 9 a.m. to 4 p.m. on Saturday, Aug. 27, at Kozak's Market.

The president announced the next meeting is scheduled for 7:30 p.m., Aug. 23, at the church.

Deviations for the evening were presented by Dolly Corbett. Others attending were Susie Davis, Geneva Davis, Tiny Cook, Ruby Parcus, Sylvia Townsend, Debra Townsend and Gayle Cuppett.

MR. AND MRS. GREGORY WOLK, whose wedding took place at St. Margaret Mary Catholic Church. Formerly Miss Carol A. Roberts, the bride is a daughter of Mr. and Mrs. Gene Roberts, 3145 Davis Ave.

Wolk-Roberts wedding at St. Margaret Mary

St. Margaret Mary Roman Catholic Church was the scene of the wedding on July 22 of Miss Carol A. Roberts, a daughter of Mr. and Mrs. Gene Roberts, 3145 Davis Ave., and Mrs. Francis Wolk, 107 Twelfth St., Crystal City, Mo. Father Edward Groesch officiated at the double ring candlelight ceremony at 6:30 in the evening, before an altar decorated with arrangements of white gladioli and pink chrysanthemums intermingled with greenery.

Burning tapers in aisle standards, festooned with white bows and springs of greenery, illuminated the white carpeted aisle.

Organist Karen Fisher accompanied the soloist Sandy Bopp. Nuptial selections included, "Evergreen," "Sunrise, Sunset," "Wedding Song," and "For All We Know."

Deo Bridgeman and Paula Williams presided over the guest book.

Escorted to the altar and given in marriage by her father, the bride wore a floor length gown of candlelight pearl de sole fashioned with a high collar traced with Cluny lace which was repeated on the open neckline on the front of the princess line bodice and A-line skirt.

Cluny lace also accented the trumpet sleeves, Empire waist and hemline of the shirt and chapel train.

Her fingertip veil of candlelight illusion, edged with matching lace was secured to a Camelot lace hat. She carried a nosegay of bridal pink roses and stephanotis with clusters of baby's breath and tied with a candlelight satin bow.

Maid of honor was Miss Theresa Alemond and the bridesmaids included Mrs. Katie Hughes, Mrs. Becky Johnson, Miss Diane Roberts, a sister of the bride, and Miss Denise Papp.

They were gowned alike in identical styled seafarm green knit dresses designed with Queen Ann necklines which were enhanced with scrolled and floral motifs of Venice lace.

Short cap sleeves of matching lace were set into the Empire bodices and their circular skirts.

Each of the attendants wore a headband of miniature pink carnations and baby's breath in their hair and they held nosegays of pink and green carnations intermingled with baby's breath and greens, festooned with pink ribbons.

Vanessa Curtis, a cousin of the groom, was the flower girl. She wore a green frock similar to the adult attendants and also wore a halo of fresh flowers in her hair. She carried a white basket of pink and green blossoms.

Joey Lombardi, a cousin of the bride, served as the ringbearer.

Stephen Biehle attended the groom as best man. Timothy Wolk, a brother of the groom, John Strubberg, David Weiss, Chess Johns, James Olesky, Thomas Roberts, the bride's brother and James Dohr, completed the corps of groomsmen and ushers.

Mrs. Roberts, mother of the bride, was attired in a coral complemented with a floral chiffon cape. She wore a wristlet corsage of Sonia roses, white stephanotis and accents of baby's breath.

The groom's mother, Mrs. Wolk, appeared in a powder blue sleeveless style gown enhanced with a matching chiffon poncho. She also wore a wristlet corsage of cymbidium orchids.

Guests were received by the newly married Mr. and Mrs. Wolk at a reception held at the Croatian Hall. The groom's parents hosted a rehearsal dinner at the Round Table Restaurant in Collinsville, on the evening preceding the wedding.

After a wedding trip to Lake Ozark, Mo., the couple will reside in Crystal City, Mo.

A 1973 graduate of Granite City High School, the former Miss Roberts is presently employed as a camp counselor for the National Youth Sports Program, sponsored by NCAA. The groom is a 1972 Crystal City High School graduate and is currently employed for Pittsburgh Plate Glass Co.

Prayer line now in use

With many people turning to prayer in their search for solutions to life's difficulties, a 24-hour telephone prayer line has been opened to link callers across the nation in prayer partnerships with trained volunteers in New York.

By dialing 212-401-1060 at any time of the day or night, any day of the year, anyone in America will find a person to listen sympathetically, discuss, pray and, if appropriate, provide a referral to a local source of help, it was announced here today.

This ministry is being provided by the Foundation for Christian Living, with headquarters in Pawling, N.Y. It opened the prayer line in Manhattan as part of the Norman Vincent Peale Telephone Center.

The foundation established the prayer line because of more than 80,000 written and telephoned requests for prayer it received last year. A 24-hour dial-a-prayer line at the foundation's Pawling offices provides recorded prayers by Dr. Peale for those who call 914-885-5111.

"The recorded prayers provide an opportunity for people to hear a prayer by Dr. Peale himself," explained Ruth Stafford Peale, Dr. Peale's wife and general secretary of the Foundation for Christian Living. "However, we felt that some would like to go beyond that and discuss their problems with prayer partners."

"It is obvious that prayer is becoming more a part of people's lives. The success of the foundation's annual 24-hour Good Friday global prayer partnership is one example of this."

"Across the country there are increasing numbers of prayer groups of all kinds in nearly every community. So, we are sure that the new prayer line will fill a real need that people have for prayer — and to have someone with whom to pray."

The nonprofit Foundation for Christian Living, established by Mrs. Peale nearly 40 years ago, distributes Dr. Peale's sermons and booklets and inspirational writings of others to more than 500,000 people in 120 countries.

It provides literature to veteran's hospitals, prisons, nursing homes and institutions as well.

Third-party payments for health care cited

President Carter isn't the only American concerned over rising hospital costs. Two health care experts at Southern Illinois University at Edwardsville have just completed a college textbook that explains the rising costs and what consumers can do to curb inflation in the health care delivery system.

Before Business Professor Paul Sultan and Associate Professor Darryl Enos knew about President Carter's cost containment proposal, suggesting a nine per cent cut on hospital costs, they had already completed their textbook on health care. The claim that the President's proposal is his first step toward national health insurance.

Along with the chapter entitled, "The Hospital Cost Problem Revisited," their book, "The Sociology of Health Care: Social, Economic and Political Perspectives" (Praeger Publishers in New York) includes a multitude of topics for the training of all capacities of health care managers, from doctors to insurance executives.

Some chapters that may catch the eye of even casual readers are: "The Physician-Patient Relationship," "Medicare and Medicaid," "Mental Health and Mental Illness," "Where Body and Mind Meet," "What Makes Doctors Sick: The Malpractice Crisis," and "Ethical Issues: Genetic Control, Selective Breeding and the Human Prospect."

Sultan and Enos explain in the chapter, "The Hospital Cost Problem Revisited," that there are multiple pressures on hospitals that account for soaring costs.

The authors attribute the most important reason for high costs to the rapid growth of third-party payments, now accounting for 92 per cent of reimbursements for hospital and related expenses.

"The government has undertaken an investigation of the role physicians play in Blue Cross and Blue Shield programs," Enos said.

"This reflects a concern that their presence on policy boards encourages a somewhat of an attitude about the increase of charges for hospital-related medical services."

The authors noted that a second cost is the dedication of hospital, physician and patient to quality care. The emphasis on quality, not costs, means there is no limit on the costs of

HEALTH CARE AUTHORS. Professor Paul Sultan (right) and Associate Professor Darryl Enos (left), faculty members of the School of Business at SIUE, have completed a college textbook entitled, "The Sociology of Health Care." The local health care experts state in a chapter of their book, "The Hospital Cost Problem Revisited," that soaring hospital costs can be attributed to third-party payments of medical bills. Other chapters in their book discuss social, economic and political perspectives of the U.S. health care system.

medical technology used on patients.

The two professors say in their book that although physicians may be sensitive to the financial resources of patients in prescribing a treatment regimen, there is evidence that hospital usage is directly related to whether the patient, or an insurance company, pays the bill.

They cited one researcher who studied the hospital-stay patterns of 9,000 patients served by 22 short-term hospitals and found that patients who paid directly for their services had the shortest stays and the smallest bills.

Patients visits to hospitals supported by the government were confronted with the longest visits and the largest bills.

Both Sultan and Enos feel that some people's enthusiasm for hospitalization exists because they think it is close to being costless, since the tab is picked up either by an insurance company or the government.

"It is not impossible, for example, that a modest number of consumers may view hospitalization not so much as medical intervention but as a means of retreating from the pressures of everyday life," Sultan said.

"A short-term escape from problems through hospitalization in very important-person facilities might be somewhat more expensive than American Plan vacation retreats at an area

lodge. But the inhibitions of cost lose much of their force if an insurance company pays 92 per cent of your 'hotel' bill."

The authors say that in real terms, the net cost to the patient of hospital care has hardly changed in 20 years due to third-party payments.

"Because the net out-of-pocket cost appears so modest, at least in the short run, the patient is willing to buy more expensive care than he would if he were not insured."

Along with insurance companies, the government is also paying big money for the high cost of medical care.

"It has been estimated that in 1970, personal income-tax deductions provided taxpayers with a \$600 million subsidy in the purchase of health insurance," Enos said.

"Another \$1.3 billion was deducted for out-of-pocket medical expenses. The premiums paid by employers are also deductible, a subsidy of \$2.5 billion."

"The total is around \$4.4 billion" paid by the government annually, a sum that is passed along to consumers at tax time, he related.

Sultan and Enos both teach classes in the health care management specialty of the master of business administration degree program at SIUE.

Phoenix as an expansion team in the World Hockey Association. By leading the team to a winning record, he earned WHA coach of the year honors.

In 1975-1976, his team finished second behind Houston with a 38-36 record. His record as a coach over 4½ seasons is 172 wins, 136 defeats and 30 ties. CBMC is an organization of Christian businessmen, best known in the area for the mayor's prayer breakfast last February at Stouffer's Riverfront Inn, with Chuck Colson as speaker.

Crash at 111 and 35

Three persons were injured in an accident at Route 111 and State Aid Route 35 at 6:25 p.m. Thursday when the autos of Orlando Lovato, 52, East Alton, and Charles Logas, 45, Fairway Estates, Arlington Heights, collided.

Logas, who escaped serious injury, was issued a traffic ticket alleging a red light violation. Lovato and two women in his auto were taken by ambulance to St. Elizabeth Hospital, where they were treated, x-rayed and released.

Lovato bumped his head on the windshield and suffered abrasions to his head and left knee. Mrs. Edith Lovato, 52, also of East Alton, suffered bruises to her left elbow and left leg.

The other passenger in Lovato's auto, Mrs. Connie Gargotta, 55, Albany, N.M., had abrasions to her left arm, left side and left shoulder. Sheriff's deputies alleged the westbound auto left 70 feet of skid marks before hitting the left side of Lovato's car. Logas contended that the stoplights malfunctioned.

Guthrie, Tillis, Lindsey and Kristofferson awaited

An evening of chamber opera selections and the return of Kris Kristofferson will highlight the seventh one-week span of activities at the Mississippi River Festival, held on the campus of Southern Illinois University at Edwardsville.

The week begins with Arlo Guthrie and Pete Seeger at the River Festival site at 8:30 p.m. Wednesday, Aug. 3. Seeger is one of the standards of modern folk music, having been a major force in his field since the early 1940s.

Arlo Guthrie, son of Woody Guthrie, first came to national prominence with "Alice's Restaurant" in the late '60s, and has successfully managed to please both folk purists and mass audiences since, combining live performances with occasional hits like "City of New Orleans."

The MRF Film Series continues Thursday with "Serpico," the 1974 thriller that portrays a young cop fighting corrupt system as well as the criminal element. The film begins at 7:30 p.m. in Meridian Hall of the campus' University Center and admission is by donation.

On Friday, Aug. 5, at 8:30 p.m., Mel Tillis brings his brand of humor and Nashville song to the MRF, along with opening act George Lindsey.

Tillis has been a country and western staple since the 1950s, combining his famous stutter with pure Nashville singing and a prolific writing ability. He has had over 500 songs recorded.

Among his biggest are "Detroit City," a country and western standard, and "Rubby, Don't Take Your Love to Town," and other million seller. Lindsey, opening for Tillis, was co-star on the "Andy Griffith Show" and is a regular on "Haw Haw."

The Kathryn Posin Dance Company comes to the MRF on Saturday, Aug. 6, at 8:30 p.m. in the Communications Building theater on the SIUE campus.

Posin has been called "simply brilliant," by critics, who comment on her company's ability to use a wide range of dance idioms equally well.

Since its inception in 1970, the dance company has become one of the nation's top young companies, performing all over the United States and Europe.

The Chamber Series of the Festival continues on Monday, Aug. 8, with an evening of opera featuring Nicolas Di Vergilio and Patricia Craig from the New York City Opera, in an evening of chamber opera selections.

The series is performed in Meridian Hall of the University Center at 8:30 p.m. On Wednesday, Aug. 10, at 8:30 p.m., Kris Kristofferson

will perform. Kristofferson comes from a background that ranges from being a Rhodes scholar at Oxford and spending some time in Nashville.

He has moved from country-influenced music to a top Hollywood box office draw in such pictures as "A Star Is Born," "Alice Doesn't Live Here Anymore," "Pat Garrett & Billy the Kid," "The Sheriff Who Fell From Grace With the Sea," and others.

Appearing with Kristofferson is his wife, Rita Coolidge.

Currently atop the charts with her version of "Higher and Higher," Miss Coolidge has a new album out, "Anytime, Anywhere," that promises to be her most successful yet.

ARLO GUTHRIE AND PETE SEEGER. They will perform at the Mississippi River Festival at 8:30 p.m. Wednesday.

Criticism of price hike on tin mill products called misplaced

National Steel Corporation announced Thursday in Pittsburgh that it is raising prices of tin mill products by approximately seven per cent, effective with shipments at 12:01 a.m. Sept. 1.

The amount of this increase, which is in line with those announced recently by other producers, includes increases in base prices, base weight extras and tin costing charges.

"Inflation in all our costs for the manufacture of tin mill products has far surpassed the nation's rate of inflation," said George A. Stinson, chairman.

"Substantial increases have occurred in costs for labor, basic raw materials — including the price of pig tin, which has risen approximately 30 per cent since last December — as well as transportation, environmental control and other costs."

"These price increases are necessary to restore at least part of the imbalance in the cost-price relationship for tin mill products."

National Steel said demand for its tin mill products, which are operating at full capacity, is strong, and its tin mill facilities are operating at full capacity.

"The government's concern over continuing inflation is understandable, but its criticism of this badly-needed increase as inflationary is misplaced," Stinson added.

"The effect of these price adjustments on steel used in consumer-packaged goods will be small."

"We estimate the cost of material used in the average can will increase less than one-tenth of one cent per can."

"The unsatisfactory cost-price relationship of tin mill products, which this increase will help alleviate in part, underscores the difficulties currently faced by the steel industry," Chairman Stinson said.

"When the effects of inflation are compounded by legislatively-mandated programs which increase our costs—and by a long history of governmental pressure to restrain prices at artificially low levels—the result can only be a totally inadequate level of profitability for a viable steel industry."

"Adding to these problems is the surge in imported steel, induced by poor economic conditions abroad. It is dumped here at cut-rate prices."

"While imports of tin mill products are, as yet, well below the level of other steel products, the natural effect of high total imports in reducing overall volume, and thus productivity, is to add measurably to our costs."

"The second-quarter profit and loss statements of steel producers show the erosion of profits which inevitably follows such a combination of circumstances."

National Steel said it had no announcement to make at that time regarding structural products, which comprise less than half of one per cent of its total shipments.

Heat stroke avoidance suggestions are outlined

Garri Clayton, a licensed practical nurse at St. Elizabeth Hospital, was guest speaker at the Bethel AME Church in Madison on Sunday. The subject of her talk was heat stroke.

Mrs. Clayton pointed out that heat stroke is a serious disorder caused by excessive exposure to heat and humidity. The symptoms might include any feelings of severe weakness, uncontrollable sweating, high fever, dizziness and loss of consciousness.

If any of these symptoms should occur, a person should get into a lower temperature area and start drinking sizable amounts of fluids, Mrs. Clayton said.

She cautioned the group to use good judgment during periods when the temperature soars.

Change in levee control can lead to better service, savings

Word that majority control of the Metro-East Sanitary District will change to St. Clair County to Madison County is exceedingly good news for hard-pressed taxpayers. Costly procedural abuses can be ended if local citizens and officials put their mind and effort to the task.

It will be recalled that for many of its 70 years, what was known as the East Side Levee and Sanitary District hired excessively, often for no-work jobs. There were inadequate policies covering purchasing and bidding, as we testified in the 1960s before an Illinois legislature subcommittee at hearings in East St. Louis. Legislative remedies failed to

materialize, but considerable headway in reducing waste was made in recent years at the instigation of such board members as William M. Ebersoldt and Russell Robinson.

A largely cosmetic change in the mid-1970s altered the name of the district and increased the authority of the administrator, but there were some unfortunate drift toward some of the discredited practices of the past.

Now, assessed valuation of the Quad-City area of the district has topped the St. Clair County portion, allocating three of the five board posts to this community and giving real hope that spending can be curbed and services upgraded.

Continuing decrease in number of qualified Madison police

The following guest comment presents the viewpoint of eight Madison police regarding the current controversy over their department's manpower and financial outlook. It is presented as a means of furthering public understanding of the issues being raised:

"Madison Police Benevolent Unit 110, which is comprised of Madison police officers, has been negotiating with the Finance Committee of the Board of Aldermen for the past two months.

"On July 26, we last met with the aldermen. We were advised that we would receive a seven per cent raise for the current fiscal year, and nothing else. We attempted to discuss the matter but discussion was frequently interrupted by Mayor Sasyk and several aldermen who turned the meeting into a charade.

"We rejected the administration's offer, but the administration the same night passed the new budget including the seven per cent increase.

"We have met with the mayor and aldermen for several years. Most meetings have been kept secret because both the police and the administration felt that the public might get upset if they were aware that morale on the police department was extremely low.

"At this time, however, we believe that the public should know what has taken place. In 1970, the Madison Police Department was the highest paid in Madison County. Now it is one of the lowest paid.

"The size of the police department has been reduced from 16 sworn officers to 10. One of the current raises is a 10 per cent disability for approximately 18 months, which leaves nine men, including the chief of police and one detective. Seven uniformed men are used to patrol the city seven days a week, 24 hours per day.

"Officers have been denied their vacation because of the shortage. We are required to work, subject to call, on our days off without overtime pay. Our days off are often split. Some officers must work two or more different shifts in one week.

"During the day, only one uniformed officer patrols the city.

"Security guards have been hired to supplement the police force. These security guards are not trained, professional men. They are hired because they will work for approximately half of a policeman's salary.

"During the evening, two officers patrol the city but on certain days only one officer patrols and he is supplemented by one security guard. On certain days a probationary patrolman, with less than six months' experience, is in charge of the afternoon watch because only he and a security guard are working.

"The security guards both work at National Steel and most times they report for duty late or leave their shift early because they are coming from or going to their jobs at National Steel. Two officers have recently resigned to take positions in private security because of working

conditions, salaries and political harassment.

"Police officers who have participated in negotiations have been threatened. It is widely known that if anyone lets the administration know that he disagrees with the administration's policies or practices, he is a 'marked man'.

"An officer who has been a detective for six years was chosen to be the spokesman for his fellow officers at the July 26 meeting with the mayor and aldermen. He has now been reassigned to the patrol division effective July 31.

"Another officer who was a detective for two years was reassigned to the patrol division three months ago, and yet the city continues to collect monies from federal grants to pay his salary as a detective. The city's official health planning and lieutenant were abolished because of personal conflict between the officers eligible and the administration.

"Citizens, your aldermen are not doing their jobs. They are often uninformed of the true fiscal situation of the city and the workings of various city departments. They have stated at our meetings that they don't know what's going on.

"Some have said that they are only 'part time' officials and should not be expected to know the workings of city government. Yet, they receive \$50 per meeting, \$100 per month expense accounts and paid insurance for themselves and their families.

"The administration claims that the financial situation and a complication regarding the current eligibility list for probationary patrolmen are to blame for present problems.

"These problems did not occur overnight. They are the result of several years' neglect. Former Chief of Police Frank Duiko begged, pleaded and demanded that the problems be corrected as they arose. But the administration turned a deaf ear and chose to spend city monies elsewhere.

"It's not a question of unavailability of funds, for they are spent. We're told that the raise we get will be given to all city employees. Our salaries are compared with and kept on a level with all city workers.

"All officers on the Madison Police Department are well trained and have degrees in hours of college study in the police field. Five officers have associates' degrees in applied police science from Belleville Area College. Several officers are currently working on bachelor degrees. One officer has a bachelor degree in sociology from St. Louis University. All of our officers are dedicated public servants.

"We are now facing a problem which we can't cope with ourselves. We need help from the citizens of our community. We want to continue to live and work in Madison and keep it a safe place for all citizens.

"Some of our officers have expressed feelings of wanting to quit the police department and seek other employment if our efforts in this endeavor fail. Citizens, please! Don't let this happen to your police department."

Low income families aided with fuel bills

Low income families may receive up to \$250 to help pay for fuel heating bills from last winter under an emergency assistance program, according to Christ Fashoff, Venice Township supervisor.

During a township meeting held last week, Fashoff

reported that over 200 persons had applied for assistance.

Pashoff pointed out to the trustees that during the past three and a half years, Eagle Park Acres, Benjamin Addition and the cities of Madison and Venice have received \$300,000 through the Venice Township office in federal revenue sharing and community development funds.

The trustees voted to join the Goodwill Clubs of the Cities of Venice and Madison.

The trustees discussed a township officials' convention in Peoria in October.

The next regular Venice Township meeting will be Wednesday, Aug. 24, at the township office, Fifth Street and Madison Avenue, Madison.

Aug. 17 for hearing on sewer appeal

The Illinois Appellate Court at Mount Vernon has set Aug. 17 as the date for a hearing on the Madison County Area One sanitary sewer program.

Briefs have been filed with the court by Harry Hartman, attorney for the Madison County special sewer committee, and by Joe Hill, attorney for a group of persons opposing the sewer program's funding with general obligation bonds, to be repaid through taxation.

Madison County Circuit Court first ruled the county had followed proper procedures in setting up the special sewer area and providing for the sale of general obligation bonds, but Hill appealed the ruling to the Appellate Court.

A three-judge panel will hear arguments on the case at 9 a.m. Aug. 17 and will study the transcript of the Circuit Court hearing as well as the appeals before ruling on the validity of the county's actions.

Opponents of the sewer program are requesting funds to appeal the case to the Illinois Supreme Court, should the Appellate Court rule in favor of the county.

Food stamp time limit

Carol Tucker Foreman, Assistant Secretary of Agriculture, today announced regulations requiring that eligible applicants for the Food Stamp Program receive notice within a prescribed period of time.

Under these amendments to the Food Stamp Act, Program regulations, eligible households must be authorized to buy their food stamps within a time limit which begins the day the state welfare agency receives the food stamp application, and ends the last day of the following month.

If a household does not receive authorization to purchase food stamps within the prescribed time limit, their lost food stamp benefits must be restored. Lost benefits are restored from the first day of the month which follows the month of application.

For example, a household applying in March would have to be able to purchase its food stamps before the end of April. Otherwise, the full amount of bonus stamps the household should have received in April is restored. Benefits are restored by increasing in future months the amount of bonus stamps the household is entitled to receive.

Although food stamps regulations require states to approve or deny a food stamp application within 30 days, until now there has been no time limit on actually giving an eligible household this opportunity to purchase its food stamps.

Erosion of state officials' authority

To the Editor:
Collective bargaining in the public sector raises many more questions than the governor has chosen to deal with.

These questions have far-reaching implications for the fiscal health of the state as well as the smooth and efficient operations of state government. We would all be wise to avoid seeking settlements for the sake of expediency while we refuse to deal with the more fundamental and far-reaching issues.

I have asked the attorney general to give his opinion as to whether the wage settlements negotiated between the AF-

SCME (American Federation of State, County and Municipal Employees) and Governor Thompson is binding upon all questions that the governor has chosen to deal with.

LOCAL FLORIST ACCEPTED BY INTERNATIONAL GROUP
Florists Transworld Delivery Association (FTD), the worldwide florist organization, announced today that Betty and Bob's Flowers and Gifts has been selected as the florist for the 1977 World's Fair.

The florist, located at 2156 Pontoon Road, are Betty and Bob Trobaugh.

Through the FTD service, flowers may be sent to any place in North and South America and to nearly every country abroad. There are more than 15,000 member florists in the U.S. and Canada.

\$10,000 FIRE DAMAGE
Firemen estimated \$6,000 damage to the contents and \$4,000 to the house of Allan Briggs, 1120 Johnson Road, as the result of a fire at 4:06 p.m. Saturday. A boy playing with candles apparently set a couch on fire, causing considerable smoke damage. Two dogs and a cat were killed. Firemen were at the scene for one hour and 25 minutes.

Lawrence E. Primas, 66, dies

Lawrence E. Primas, 66, of Route 6, Edwardsville, a retired employee of Granite City Steel, died at his home at 10:45 a.m. Sunday.

He had been ill several years and was under the care of a physician.

Mr. Primas was born in Glen Carbon and had resided in Edwardsville since 1967. He was a member of the

HITS UTILITY POLE

Carolyn Garner, 18, of 2510 Parkside Apartments, was admitted to St. Elizabeth Hospital at 2:47 a.m. Sunday suffering head injuries, cuts to the right ring finger and middle finger, and back pains. Miss Garner when blinded by lights of an approaching car lost control of her car on Old Alton Road near Edwardsville Road, one mile south of Route 143, struck a utility pole and went into a field.

Medical technicians fast and efficient

To the Editor:
I commend the emergency medical technicians employed by the city of Granite City who were on duty at 4:30 p.m. Sunday, July 24, for their quick and efficient manner in taking care to my wife, who suffered a heart attack at home and was in need of immediate medical

attention. They arrived minutes after the call for assistance, and administered oxygen to my wife.

They transported her immediately to St. Elizabeth Hospital, where she is being treated in the intensive care unit.

Believes music at pool is too loud

To the Editor:
This past Sunday, I took a walk along the Wilson Park, which I do quite often.

When I came about 500 feet from the swimming pool I heard loud music and I came nearer to the pool, it got louder.

In fact, it was so loud that kids in the pool area had to yell to

hear each other.

On many occasions, I would have liked to go swimming but the roar of the radio on the loudspeakers is just too much to handle.

The radio blasts over to the tennis courts and over to the picnic area.

I am sure there are people other than myself who are in-

terested in having a quiet walk or picnic without being subjected to the music from the pool.

I realize the pool caters to kids, but the park is not only for kids. Some adults do go there.

Really, music is too loud.

Important to follow city meeting rules

To the Editor:
This is a reply to the "First Ward Woman's" letter July 19 which "Alderman was elected to be alderman."

I wish there were more women like her in the city. He does not disrupt meetings. He is only trying to do to things in an orderly manner according to the rules adopted long before he came into office.

What's wrong with that? The City Council is disrupting for not living up to its own rules. So, if an alderman happens to be a lawyer and tries to keep

meetings orderly, legal and ethical, back him up, shake his hand and thank him, as there are very few like him.

The streets of Belleville, Madison and Edwardsville as a whole are not any better than the streets of Granite City.

Belleville has some cinder streets covered with asphalt. Its paved streets are no better than Granite City's.

Madison and Edwardsville streets also are no better than Granite City's as a whole.

Belleville, Madison and Edwardsville don't have the

sewer problem that Granite City has. One must remember that a lot of work and money have been spent by the street department on these failing sewers.

So what's the gripe? Be fair. After all, he was voted in.

If he was appointed by the mayor and you didn't like him or what he was doing, what would you do then? Nothing. I am trying to be fair.

I have never had a conversation with the street superintendent. I never saw him. He is nearby.
